

Admission is FREE
Everyone is Welcome!

The Magic of Molecules

Flashes, bangs, dancing metals and a rainbow of colours!
Come and learn about the Chemistry behind some amazing reactions.
The Magic of Molecules Show is an evening of science and fun for all ages,
including demonstrations of:

Nitrogen and iodine...an unstable relationship! • Dancing sodium! • Atoms in excited states!
Basic bar-tending...turn water into wine, then milk, then beer! • The oscillating Hallowe'en reaction!
Frozen bananas and turning rubber into glass!

Saturday October 28, 2017 • 7:00 pm

McMaster University, Burke Science Building (BSB), Room 147

Please register for seating on-line at: www.chemistry.mcmaster.ca, The Magic of Molecules Show!

Seating is limited to 375 guests.

IN CELEBRATION OF NATIONAL CHEMISTRY WEEK
PRESENTED BY THE DEPARTMENT OF CHEMISTRY & CHEMICAL BIOLOGY, MCMASTER UNIVERSITY

National Chemistry Week
