

## Dalewood Middle School

Date: September 6, 2011

Dear Students and Parent/Guardians

Most students take ownership of the expectations and help to create and maintain an effective and positive learning environment. I will be continuously encouraging all students to model these expectations, which in turn may help to persuade all 100% of our students to adhere to them. Below is a list of expectations that we will be focusing on, please review with your family to help promote the importance of a safe and healthy learning environment.

1. Responsibly: Come prepared (writing utensil, notebook, book or drawing materials, positive attitude etc.)
2. Active listening skills start when you enter the room. (Stop talking, please take a seat, and read/draw silently until the teacher is ready to begin.)
3. When the TEACHER is at the front of the room it is your job to listen
4. When the TEACHER is talking it is your job to listen (actively)
5. Your body language should demonstrate active participation (sitting up straight, head forward, taking notes it needed etc.)
6. Respect others
7. Complete assigned tasks (adhere to due dates)
8. Stay focused
9. Take responsibility for your own education

Welcome to Dalewood, Room 8 and Computer Lab.

Sincerely,

Ms. L. Coburn

Ms. Linda Coburn  
Information Technology/Gifted System Class/ITC
