Panel Question (Episode 1-5)

Everyone, at some point in their life, has said "I NEED to have that!" about some material thing, such as the latest piece of hockey equipment, the newest type of cell phone, or the hottest pair of jeans. However, these are not things that we need; they are things that we want.

• As a group, discuss the difference between 'wants' and 'needs'.
• Work as a group to make a list of things that you have used today that are 'wants' and make a list of things you have used today that are 'needs'. Be prepared to share your lists with the class during the class panel discussion.
• As a group note the difference in opinions about what are 'needs' vs. 'wants'.

Place your notes here. The spokesperson may take this sheet to the panel with them.
