Before and After School Survey

Before and after-school child care programs provide children with more opportunities to learn and grow. All parents of students in grades JK to 5 are invited to complete a survey regarding before and after school needs in order to help the HWDSB see if there is enough interest to offer more programs. Go to the HWDSB website's Kindergarten page under the headings 'Child Care' and then 'Request a new school child care location' for either the printable or online survey.
