

# Mountain View - Annual Run-A-Thon

Friday, October 20, 2017

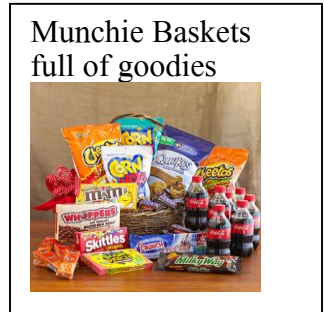

This is our school council's major fundraising event of the year. All proceeds directly benefit all the students of Mountain View School.

All funds raised will benefit the students with technology, sports equipment, art and music supplies, and learning tools.

Last year the school community raised over \$11,000. We have challenged the students to beat this and if they do Mr. Griffiths has told the students that he will shave his hair at the assembly.

The top three Fundraisers will receive a prize of their choice from the ten we have in total. As well the top fundraiser will be Principal for a day.

These are just some of the prizes we will have:

All other students have an opportunity to win something as well.

For every \$20 raised, students will earn a ticket that will be put in a draw for the remainder of the prizes. (\$100 raised equals five tickets for the draw).

Each student who returns an envelope with at least \$1 pledge will be able to pick an item from our fun basket.

Prizes will be awarded at the October assembly.  
10 Prizes in all to be won!

## Fundraising

- Talk to your family and family friends about your school and its fundraising goals
- ALWAYS take an adult with you if you are going from door to door around your neighbourhood
- Know what you are fundraising for, see the introduction below for ideas
- You should set a goal for how many laps you will run or walk during the event

## Introduction

I am a student at Mountain View School. I am helping our school raise money for new computer technology, sports equipment, arts and music by taking part in our annual Run-a-Thon event.

Would you help me to meet my fundraising goals by sponsoring me in our school Run-a-Thon?  
I will be running ten laps.

Thank you.
