April 2018

Welcome Spring!

Hello Queen Mary Families and Friends. Congratulations on getting through another long and rather cold winter, I am hopeful that Spring is arriving, although perhaps at a crawl. Spring means that we start into the home stretch of the school year with lots of assignments due, field trips, special events. You can help your child by knowing what's happening at QM and getting involved when possible. You will want to mark your calendars for the Community Dinner on April 12 and the Spring Fling on May 3, but check agendas and calendars for other important information.

Spring is also a good time to review behaviour expectations for school and when out in the community. Respecting other people's property and looking both ways before crossing the street are great reminders. In addition, please remind your child to solve problems using appropriate words and never by hitting and kicking. If they need help, encourage them to speak to their classroom teacher, playground supervisors, or any other caring adult in the school. We want to help your child build skills and strategies for dealing with issues in a non physical way. Your cooperation and support goes a long way in helping our children be successful and happy at school.

Mrs. McCrory

PLEASE NO BANANAS OR NUT PRODUCTS

Just a reminder that Queen Mary is a "nut safe and banana safe school." While we cannot guarantee that the school is "nut free and banana free," working together we'll make the school safe for those with allergies.

Jump Rope for Heart

Queen Mary is having a Jump Rope for Heart event. The kick off is Tuesday, April 3rd.

JUMP is for kids who believe in helping other kids and adults. Participants fundraise in support of Heart & Stroke and celebrate with a skipping event at their school. The pledges they collect go towards research and education that gives kids across Canada the best start to a healthy, happy life. Fundraising is made easier as you can register online.
