Dear Parent Guardians:

With the amount of snow and difficulty clearing roadways and sidewalks around the school I would like to bring the following concerns to your attention:

1. The area outside of the school is a School Bus Zone Drop Off area. It is designated a NO STOPPING area.
2. The school parking lot areas are **out of bounds to all students**. These parking lots are used for deliveries and staff parking.
3. The large mounds of snow along the roadways are very dangerous. Please reinforce with your children that they should not play on these snow piles because the possibility of falling into traffic.
4. The east side of Prince George Ave. is a NO STOPPING Area.
5. Many of the streets in the school neighbourhood are down to one lane and have extremely poor visibility. Please reinforce with your children the need to follow all street safety rules – Cross only at the corner. Look both ways. Make sure that the vehicle is stopped before stepping out into the cross walk.

Thank you for your co-operation in attending to these matters. Our goal as a school is to keep the safety of all of our students a priority.

If you have any questions or concerns please contact the office.

Sincerely

E. Cambridge

Member of HAMILTON-WENTWORTH DISTRICT SCHOOL BOARD
