

## **South ARC Secondary School Accommodation Review Enrolment Summary by School**

Please note that there are two enrolment summaries for each school contained within this report (with the exception of Mountain and Westmount).

The table located at the top of each page summarizes all of the HWDSB students currently residing in, for example, the Barton SS boundary and identifies the actual schools that they are attending.

If we were to use Barton SS as an example:

- 60.6% of all HWDSB students residing in the Barton boundary attend Barton SS
- 16.2% of all HWDSB students residing in the Barton boundary attend Westmount SS
- 6.4% of all HWDSB students residing in the Barton boundary attend Sherwood SS

The table located at the bottom of each page summarizes school enrolment by where the students are coming from.

If we were to use Barton SS as an example:

- 71.2% of Barton SS enrolment consists of students residing within the school boundary
- 14.3% of Barton SS enrolment consists of students residing within the Sherwood SS boundary
- 9.0% of Barton SS enrolment consists of students residing within Hill Park SS boundary

Note: An enrolment summary of where students residing in the Mountain and Westmount actually attend school has not been provided in this report as both have boundaries that encompass the entire jurisdiction of the HWDSB.
