Accommodation and Planning
July 2011

West ARC Accommodation Recommendations:

1. The closure of Highland and Parkside and the construction of a new school on the Highland site (~1,000 pupil places)
2. The closure of Ancaster and the construction of a replacement school on the existing site (~1,000 pupil places)
3. The existing schools that have been identified for closure will remain open until new schools have been built

Additional Recommendations:

- *That the new schools will have no less than 1,000 pupil places*
- *That the existing programs and the appropriate space in the current schools be retained if moved to any new or modified school subject to consultation with the community and schools*
- *That any new school will include space for community partnerships where interest and support is evident*

Additional Recommendations (con't):

- *To include a theatre style auditorium on each school site and if necessary shared spaces with a music and or theatre focus*
- *That the Facilities Management Department will consult with the principals and specialists to ensure that the remaining facilities are upgraded to meet the program strategy and address the renewal needs as outlined by the West ARC*
