About Our Summer Programs of Choice

Join us this summer for fast paced, action filled, literacy based sports programs for students entering Grade 7 to Grade 10. Join our amazing team for a week or weeks of Literacy Building Basketball or Literacy Skills and Floorball. Polish up your basketball skills or learn the fastest growing sport in North America Floorball, while improving your literacy skills at the same time.

About Floorball

Floorball is a fast-paced, exciting, safe and low-cost type of indoor hockey. It resembles floor hockey or ball hockey but is played with light-weight plastic composite sticks and rules that promote safety and skill. Floorball can be played practically anywhere and is ideal for schools, community centres or for hockey teams as off-ice training. Come out and practice your stick-handling, shooting and passing skills. If you love hockey you will love Floorball.
