

Tiffany Hills School Council

Meeting Date: March 7, 2018

Minutes:

1. Student Presentation Re: Grade 6 Inclusivity Survey. Grade 6 class students presented the finding of their "inclusivity Survey" of all school students. Survey suggested that good chunk of the students felt lonely in the school. They also collected data on suggestions to help improve inclusivity in the school. One such suggestion was to have "buddy bench" where a child could go sit if they would like someone to play with. We are working with Ancaster High School Tech program to see if they would be able to build such a bench.
