

FOR APPROVAL

Digital Graduation Directory Proof 2016

Waterdown District High School

We are ready to begin designing your School Composite, and require your approval before we get started!

In our commitment to excellent customer service and environmental sustainability, this new pre-approval process is intended to save you time by reducing the back and forth, as well as the number of reprints, to quickly and accurately build your graduate composite.

Please review and answer the questions below via email:

1. Are all students/staff names spelled correctly?
2. What staff members would you like to add to the composite?
3. Is the list of students/staff that were not photographed correct?
These subjects will be listed on the composite as "Not Photographed"
4. Are there are any students/staff who should be removed from the composite?

Please forward corrections via email in the following format:

Page 3- row 4- spelling should be Cooper

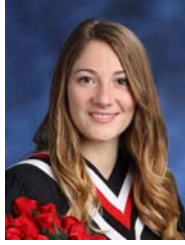

Page 6- Emily Brown- remove from composite

We appreciate your support and look forward to hearing from you soon!
