University Deadlines:

Deadline to submit application: January 13, 2016
Deadline for Ontario secondary school students to submit completed hardcopy and online applications to the OUAC.

Note: Applications received after this date will still be processed by the OUAC and distributed to the universities. However, specific university deadlines will apply.

The original application procedure will include the collection of all final grades from previously completed Grade 11 and 12 courses and a list of all current-year courses in progress.

Date to make final changes: February 5, 2016

Recommended last date for students to submit all information to the OUAC, including university and program changes as well as additional active choices, to be eligible for consideration for early admission.

Note: This is not a deadline date. Changes will be accepted and processed by the OUAC at any time. Pay attention to individual university deadlines - some may be earlier than February 3.

Notification of decision: May 27, 2016

The latest date by which all secondary school applicants shall expect a response from an Ontario university. Such a response will be one of:

- an offer of admission;
- a refusal; or
- a deferral pending the receipt of specific additional information.

When you must respond: June 1, 2016

The earliest date by which Ontario universities may require a response to an offer of admission and a financial commitment of any kind. A student may accept these other offers prior to June 1, 2015, but Ontario universities shall not compel a student in any way to make an earlier decision.

College Deadlines:

February 1, 2016

Applications received and paid for on or before this date will be given equal consideration by the colleges.

May 1, 2016

Applicants must confirm their acceptance of an offer of admission to their chosen program through ontariocolleges.ca by this date. Each college will determine the due date to confirm offers made after May 1, 2015. Check your offer letter for details.

NOTE that applications to Highly Competitive University or College Programs must be received by the due dates in order to be considered. As these programs receive a high volume of applicants, all seats may be filled by February 1, 2016.
