## IDC4U1/4O1X - INTERDISCIPLINARY PROGRAM: ConneXions – Integrated Global Citizenship Program

This 3 credit package, offered semester 1, combines the study of cultural, political, historical and environmental issues from around the world with a special focus on Latin America. You will trade in your classroom learning for experiential learning by taking a two-week trip before Christmas to a country in Central America. Students will stay with host families, tour the region and contribute to a simple work project to help the community. The trip will cost \$2800 but cooperative and individual fund raising in addition to charitable tax-deductible donations to the student's trip can reduce the cost considerably.
