Dear Parent's and Guardians,

As you are aware Westmount is undergoing many exciting new changes as a result of our renovations that are currently underway. With the many ongoing physical changes to the building we want to ensure we are continuing to provide a safe and welcoming environment for your student(s).

In an effort to continue to comply with the Ontario Fire Code we are looking to support the messaging that students should not be sitting or eating lunch in the hallways. As part of this we have identified the need for further space for your student(s) during their lunch period. As a result, beginning Monday, December 11<sup>th</sup>, we will be bringing in additional tables to the cafeteria, opening 5 classrooms that will be utilized as lunch rooms during the regularly scheduled lunch periods, as well as work with the City of Hamilton to support a strong relationship with the Recreation Centre and provide this area as a recreational outlet for students during lunch. The classrooms that will be opened are Rooms 1033, 1034, 1035, 1036 and 1064.

Further, to the lunch periods, we are also looking at providing updated electrical in classrooms to provide students with the ability to more easily charge devices in classrooms rather than halls and corridors.

As we work to provide a safe and welcoming environment for your student(s) we appreciate your understanding during these times of change.
