

Celebrating Excellence beyond HWDSB

Hamilton-Wentworth District School Board is committed to celebrating the excellence of its students.

Students within HWDSB that have been externally recognized for their work or achievements are eligible to receive special recognition from Profiling Excellence.

Profiling Excellence is pleased to give students the opportunity to celebrate their work or achievements. Recognition must have taken place from January 2007 onwards. Recipients' work will be celebrated in the following ways:

- ❖ Board Meeting recognition
- ❖ Written acknowledgement from Director, S.O.E., Chair (letter) with copies to associated principal, employee association, applicable parent council
- ❖ Certificate
- ❖ Feature story on website and in Blackboard

If you know of a student that has been externally recognized for making a positive contribution, let's celebrate their achievement by nominating them for Profiling Excellence recognition.

Forward nominations to: [Sue Phillips](#), Corporate Communications

Together We're Better!
