

## What is French Language support (FLS)?

Make friends, learn, speak French and have fun.  
Create unforgettable memories!

The objective of the French Language Support (FLS) is to offer a complimentary program to the current French Immersion curriculum and allow children to develop their linguistic skills through high engaging cultural and social activities. We believe in the importance of bilingualism regardless of first language. We encourage and support families in their goals to offer cultural enrichment for their children. Children will be assisted by language monitors and French speaking student volunteers. Our FLS program will give your child more opportunities to put their language skills in action!

## Who we are
