

## HWDSB Student Trustees 2017-2018 Biographies

---

### **RUBY HYE**

Ruby Hye is a Grade 10 Student at Westdale Secondary School. She has been continuously involved in a variety of extra-curriculars both within the school community and outside of it. She has been her Grade Representative for two years running, in both Grades 9 and 10, a leading voice in her student council and an organiser and volunteer for many school-wide events. She has taken on many initiatives during her time at Westdale, such as starting her school's very own Humans of Westdale project, which gives a platform to any and all students in the school who want to voice their opinions. Outside of school she is a student activist, advocating on behalf of and alongside the youth of Hamilton from being a part of the Youth Women's Advisory Council to working with several social groups from McMaster University in order to bring about a social change. She is a dedicated member to every club that she is a part of, and cares deeply about her own personal growth as well as the growth of her peers. Ruby is extremely excited about what is to come with the position of Student Trustee, and will make sure to do everything in her power to accurately advocate for the HWDSB Student Body.
