ADVISORY PANEL FEEDBACK

curiosity

creativity

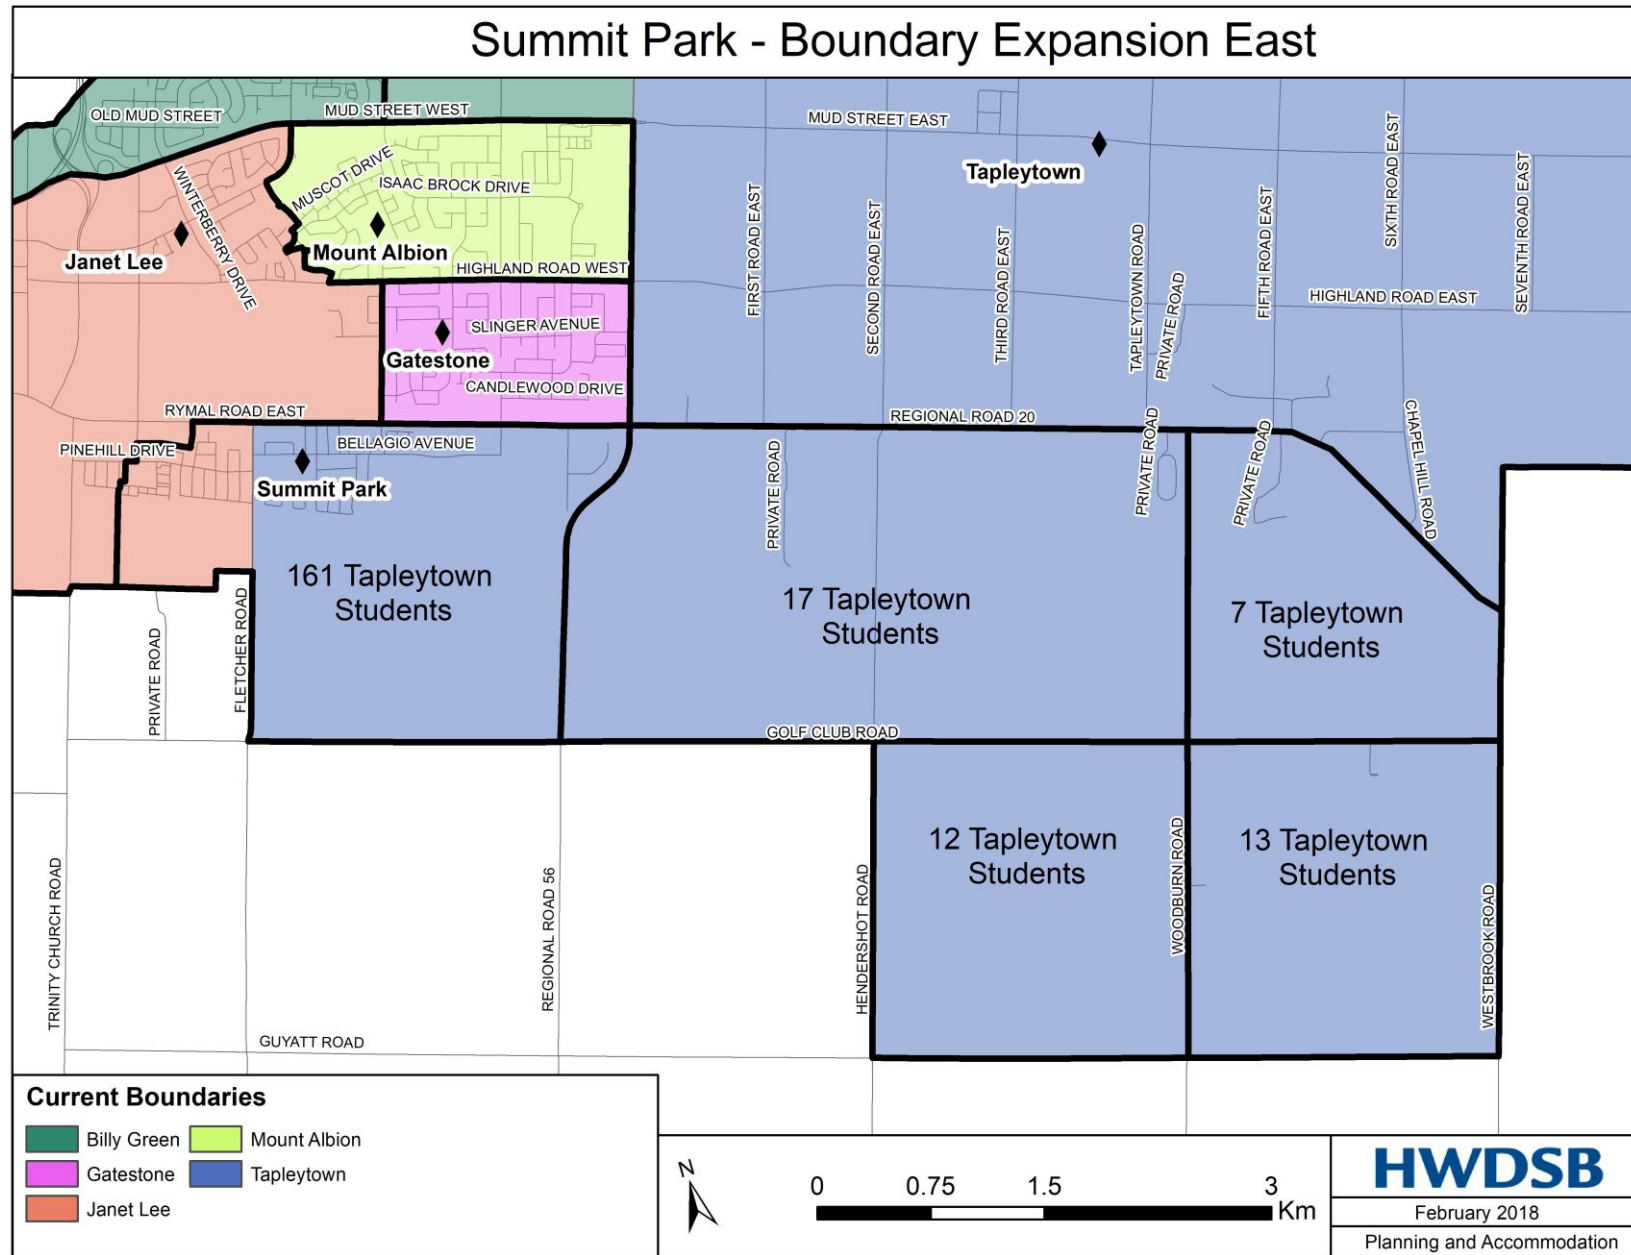

possibility

The advisory panel had concerns with the long-term projected enrolment at Tapleytown and asked staff to consider:

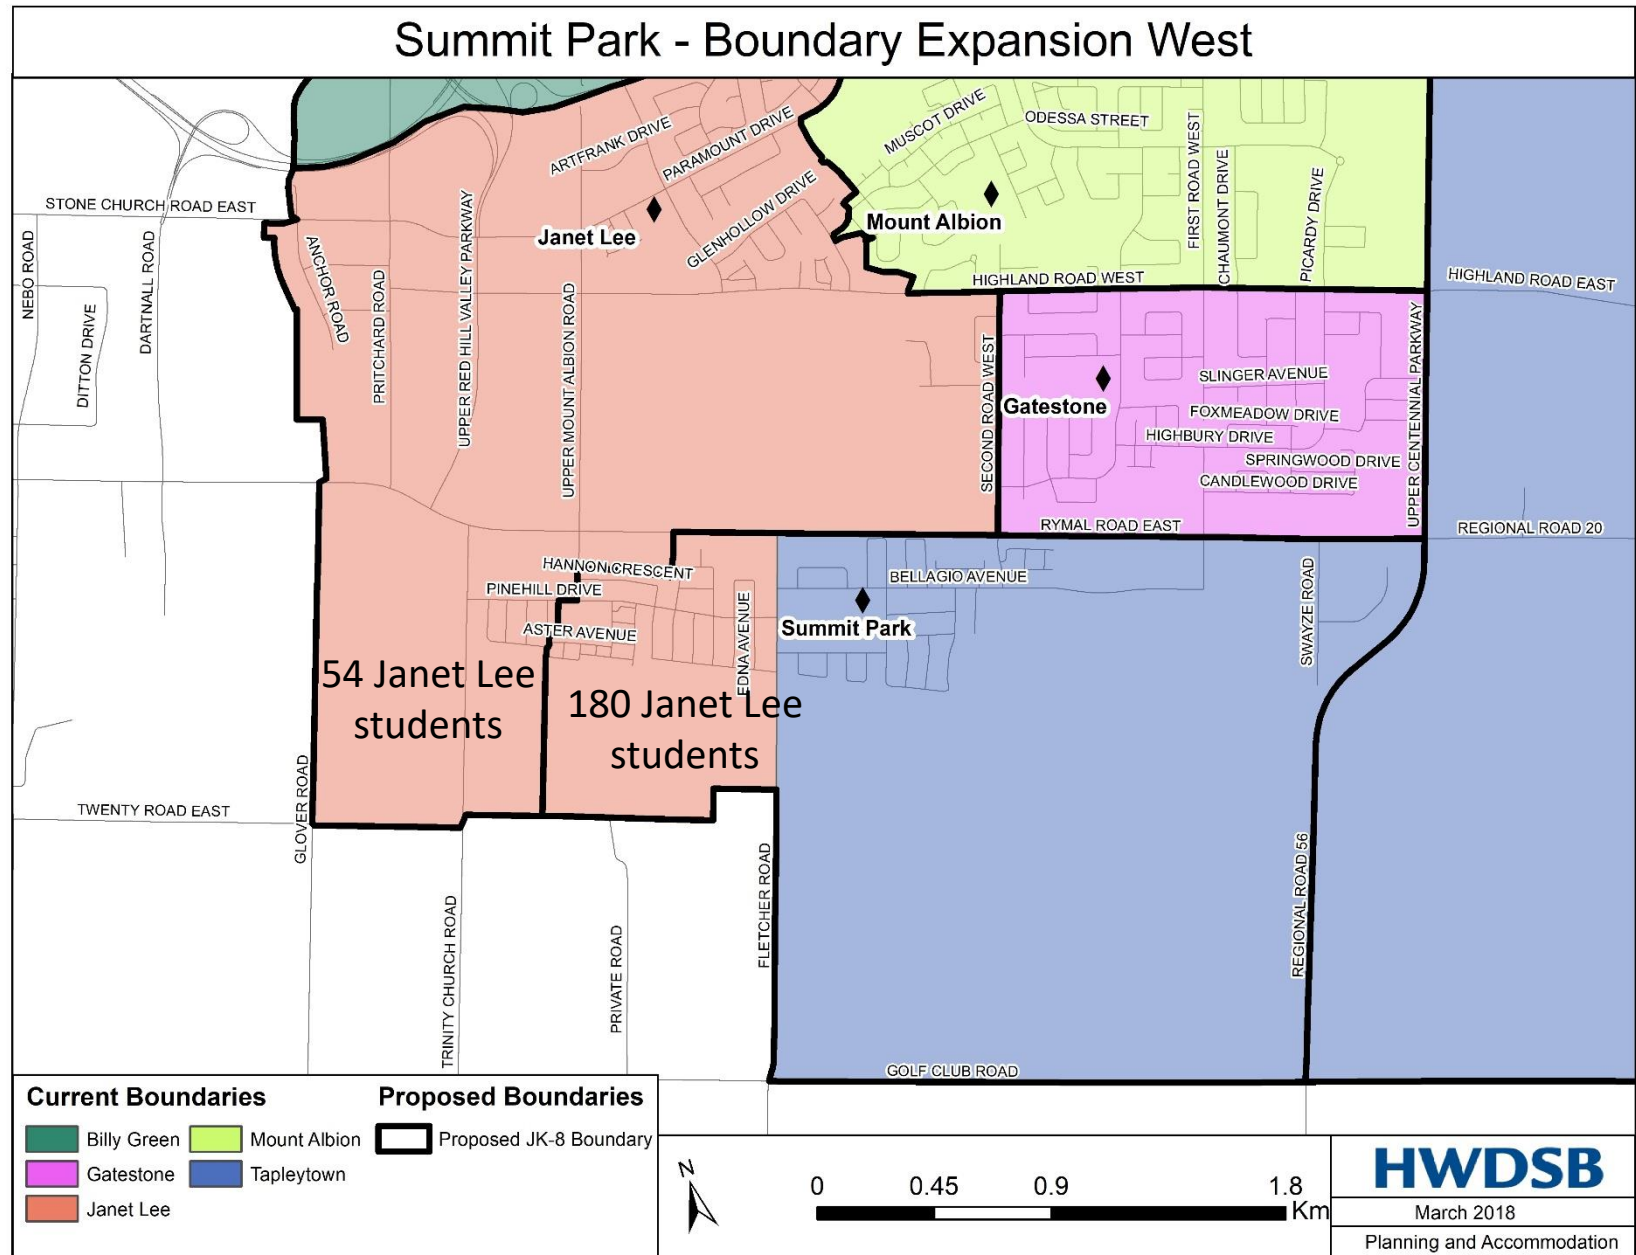

- An exemption to the 50% enrolment rule
- Expanding boundary lines for Summit Park
- Delaying relocation of Nash neighbourhood (Zone 3)
- Adjusting existing boundaries for Billy Green and Janet Lee to accommodate Nash neighbourhood

To maintain a consistent Boundary Review process within the Board and to ensure compliance with Ministry of Education requirements, relocation of students from one school boundary to another cannot exceed 50% of the school's existing enrolment.

Expanding Summit Park's boundary further east would remove over 50% of Tapleytown's existing enrolment.

- Expanding Summit Park's boundary further west would remove over 50% of Janet Lee's existing enrolment
- Janet Lee total enrolment is 432

Additional Options based on Advisory Panel Feedback

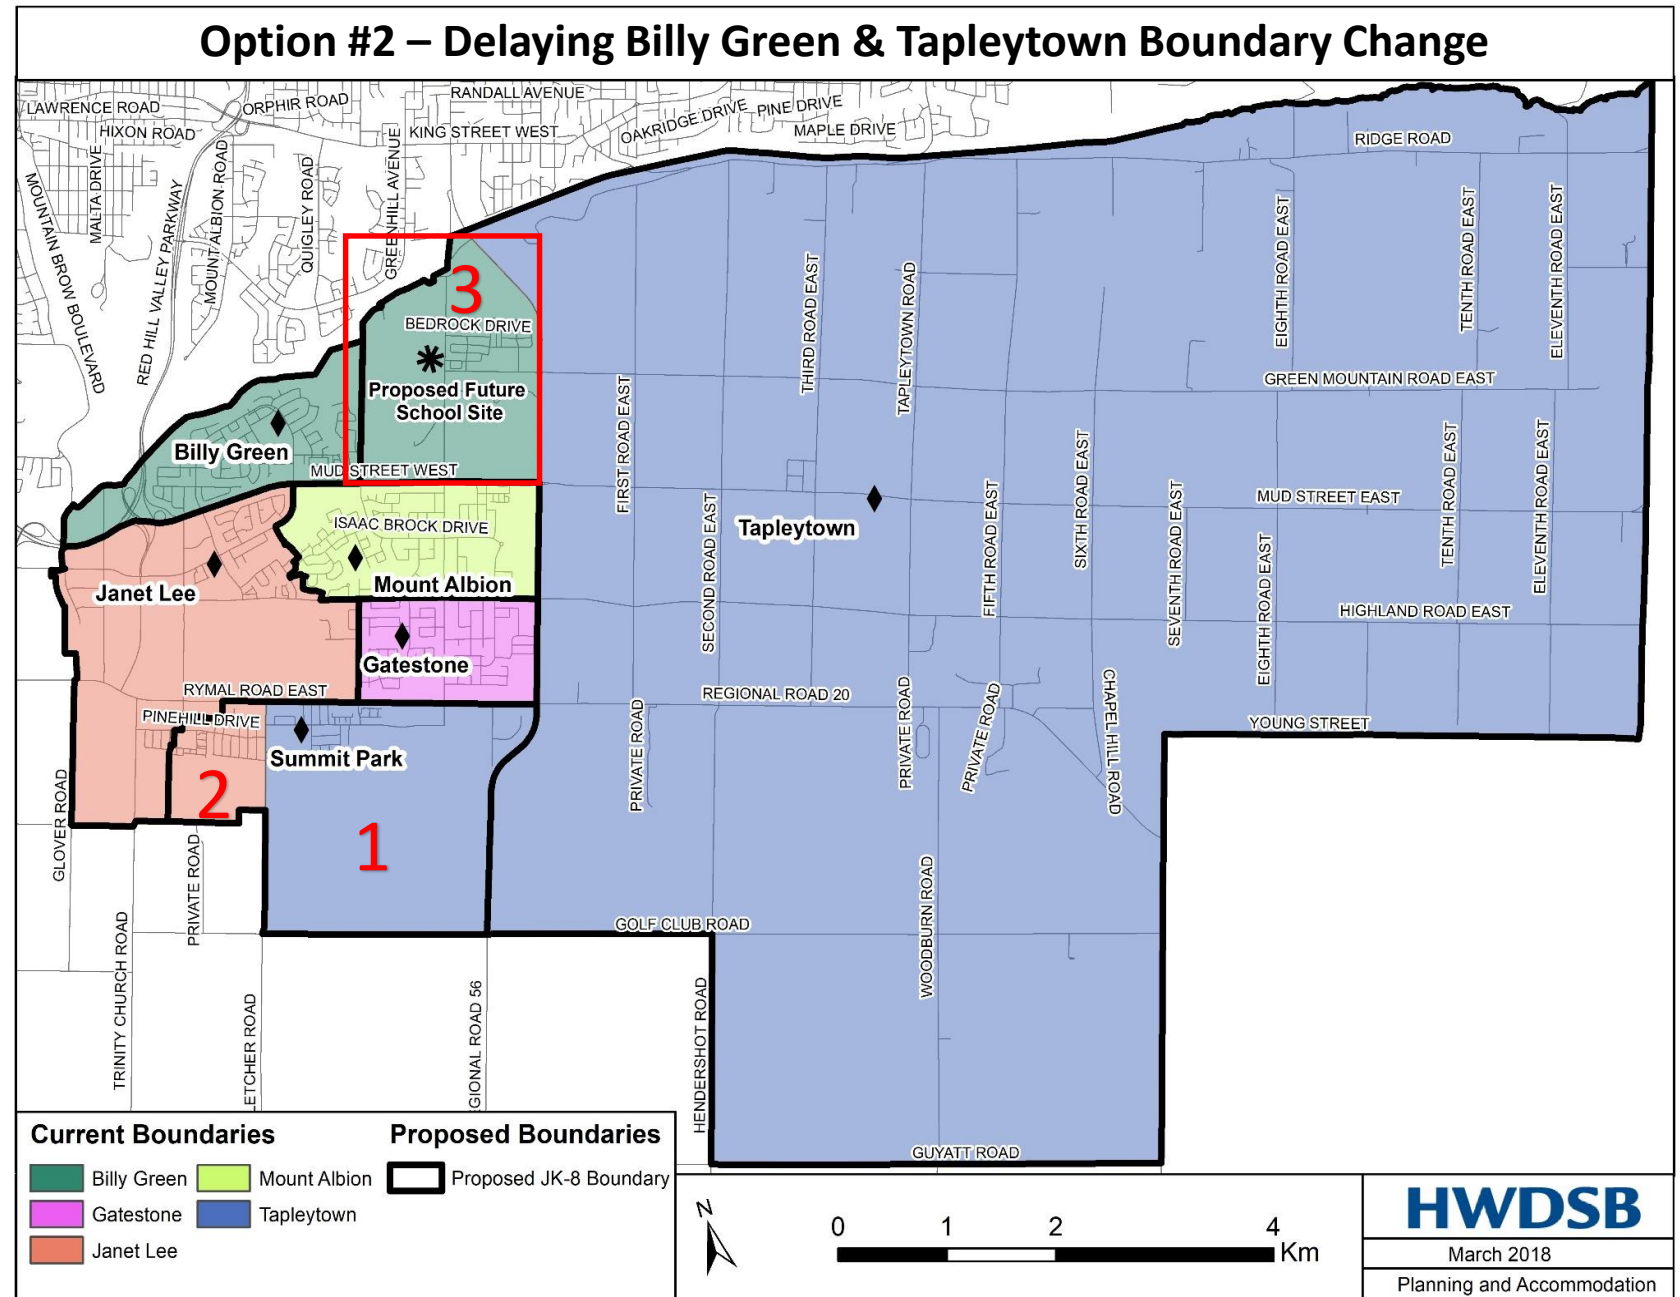

curiosity

creativity

possibility

Option #2

- New families moving into (Zone 3) attend Tapleytown. Current families in Zone 3 attending Billy Green, remain at Billy Green (bus transportation provided)
- Implemented in 2020 rather than 2019

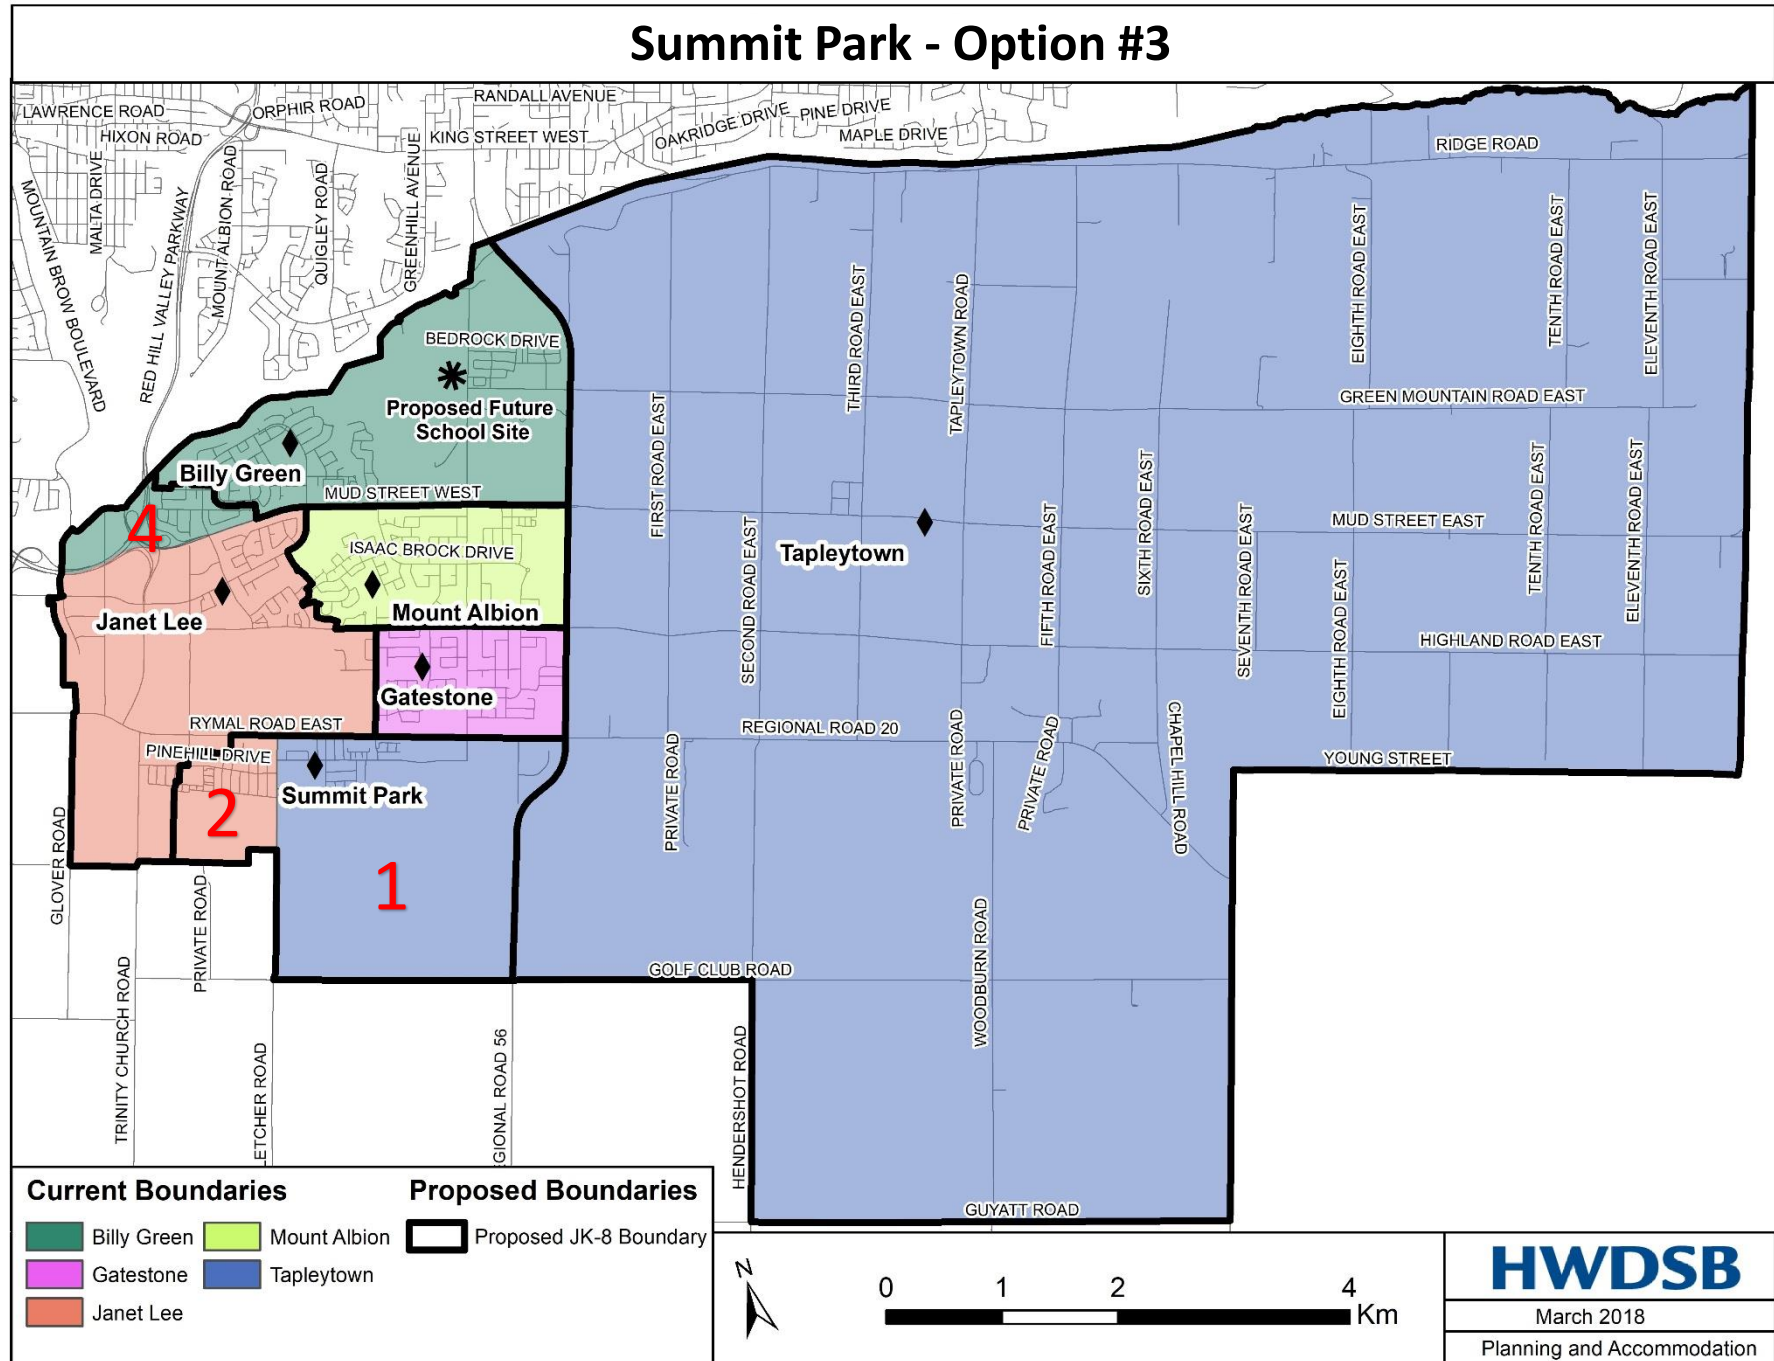

Option #2 – DELAYING BILLY GREEN BOUNDARY CHANGE

- Billy Green’s enrolment would continue to grow until 2019
- Initially, Tapleystown’s would be low but with the 2020 boundary change, all new families in the Nash Neighbourhood would attend Tapleystown beginning in 2020.
