## Hamilton Police Pipe Band

### Are You Interested in joining our Junior program?

We invite kids (ages 7 to 12) that may have an interest in learning to play a band instrument becoming a member of the band.

### Briefly about the Band:

One of the key components that has remained as the band's centre-point is its dedication to keeping the band in existence through its educational programs, allowing sustainability and continued longevity, not only to the musical art form, but to the organization itself. HPPB has remained a welcoming and progressive pipe band establishment, offering a solid foundation of knowledge within the disciplines of its pipe band ranks and curriculum levels.

As a band we are very proud of our past successes competing at highland games, not only in Ontario but also in Nova Scotia, Scotland and Ireland representing the City of Hamilton Ontario and the Hamilton Police Service. Our goal is to eventually take the Junior band to Scotland to compete.
