

College Application Seminar

Ancaster High School
September 25, 2019

WHY CHOOSE COLLEGE?

- Less theory and more practical experience
- 307 degree programs offered
- A career focused education
- Preparation for highly competitive programs
ex: Pre-Technology
- Preparation for some university pathways
ex: General Arts & Sciences

Four Kinds of Programs

- Apprenticeship Programs
- One year Certificate Programs
- Two and Three Year Diploma Programs
- Four Year Degree Programs

Admission Requirements

- Apprenticeship programs require a job in the field
- Certificate programs may only require a diploma
- Diploma programs require specific courses at the “C” level like ENG4C1 or MCT4C1
- Degree Programs require six 4U or 4M courses like ENG4U1 and five more

Collaborative College/University Programs

- Some universities and colleges have programs that allow students to earn both a degree and a diploma (**usually need 4U courses to be accepted**)
- Some programs use the university (OUAC) application
- Some programs use the college (Ontariocolleges) application.

Four Questions Before Applying

- What program do you want?
- What colleges offer that program?
- What are the required courses?
- Are there minimum required marks?

Differences Between College & University

University Example

- A university will receive 9000 applications for 600 seats. Students will apply with averages in the 70's, 80's and 90's
- A program having 600 spaces means the school will send out 1000 offers (they know 400 students will say "no")
- Therefore an average of "85%" across six classes is used because only 1000 students had an average this high

How College Admission Work

Scenario 1

- A program has 85 seats and 60 students apply - everyone is admitted!

Scenario 2

- A program has 100 seats and 2000 students apply
- Only students with minimum grade of “75%” in English are given an initial offer
- If any of those students say “no” the college moves down the list (i.e. “74%”)

How AHS Communicates

October 2, 2019

College Applications

- College Application Information Session: Wednesday, September 26 – 10:00 to 11:00 in the auditorium.
- College Application Tutorials will take place November 15 – each period and November 19 at lunch.
- [Ontariocolleges.ca](#) to Apply to Ontario Colleges.

Apply to Five Programs!

- Students apply to a maximum of **five**
- Only **three** at the same college
*Example : 3 programs at Mohawk , 1 at Humber
and 1 at Conestoga*
- **\$95** cost regardless (applying to one or five!)

What do you need by the end of June 2020?

- **High School Diploma**
- **Grade 12 English – ENG4C or ENG4U**
- **Other required courses** (*i.e. Biology? Math?*)
- **Other? Check carefully!**
 - Portfolio?
 - Letter of experience?
 - Audition?
 - Interview?

Grades

- Colleges do NOT post admission averages
- Colleges post **minimum grades** (*i.e. 70% in ENG4C1*)

Grades

- Some colleges will **only** use required course marks for admission (Mohawk College does this)
- Some colleges will use an average of senior level marks including required courses (Sheridan does this)
- **Most** colleges will treat C level and U level courses equally (*Conestoga gives 10 bonus marks to U and M courses*)

Required Courses in Semester Two?

- Each college has its own policy
- Some colleges try to fill all seats in March
- If the ENG4C1 class is Semester Two, colleges will use ENG3C1 from last year
- Some colleges reserve spaces for students with prerequisites in Semester Two – some offers go out in March and some go out in May

Upgrading

- Colleges will use the highest attempt, not the most recent (this is good!)
- Colleges will usually wait for summer school grades and re-evaluate your application in August

What is in your control?

- Not much! Colleges have policies and worrying about them won't help!
- Do your very best in every course, especially the courses required for your program
