

2020-21 Queen's Major Admission Award Application

Please include this cover page with your application

Name of Applicant: _____

The Major Admission Award (MAA) application must be submitted online through your Queen's SOLUS Student Centre by December 1, 2019. Once you have applied for admission to Queen's, you will gain access to the SOLUS Student Centre to submit the MAA Application. You must apply to Queen's by November 20, 2019 in order to gain access to SOLUS in time to apply for the MAA's.

This document is only for submitting to Mr. Nicholson by November 15, 2019 at 3:00 p.m. (No exceptions, no electronic submissions) to compete for one of two school sponsorships. It cannot be sent directly to Queen's. This package contains **the exact questions that will appear on the online MAA application. There will not be any additional questions** and it can safely be used when uploading your responses to the online application in advance of the December 1, 2019 deadline.

Every student is encouraged to seek input from any staff member at the school, including their Guidance counsellor. We do not consider it an unfair advantage if some students seek this input over those who do not.

The two successful candidates for school sponsorship for the Queen's Chancellor's Award will be chosen by the Ancaster High School Scholarship Committee, which includes the principal.

We ask that only students with serious interest in attending Queen's University (regardless of winning the school nomination for Queen's Chancellor's) apply for this Major Admission Award.

Letter of Reference

The scholarship committee at Ancaster High WILL need to review your letter of reference along with your full application.

Queen's will ask that you upload one letter of reference only (only ONE will be sent to the Selection Committee). Referees cannot be family members.

A referee should ensure they know the applicant well. They should be aware of the accomplishments and personal attributes that make the applicant a strong candidate for consideration of the award they are applying for. Queen's is interested in students who demonstrate academic excellence and proven leadership qualities in addition to original and creative thinking.

Referees should ensure they date and sign their letter and provide contact information (email address or telephone number) should the selection committee require further information. The letter must be written in English. The referee should indicate how long and under what circumstances they have known the applicant, and explain why they believe this student is a strong candidate for a major admission award at Queen's University.
