August 11, 2020

Dear Neighbour,

As we begin construction to put in the artificial turf sports field at Ancaster High, we wanted to let you know that the contractor renovating our school field will be using Taylor Road as an access route for construction equipment. Construction is expected to begin on August 12 and last until November 2020.

Because Taylor Road will be used for construction equipment, we want to mitigate any health and safety risks to students and residents. Therefore, we will be putting up a fence around the project area, which will cause a portion of Taylor road to be closed for the duration of construction (please see map below).

We are kindly requesting that students and neighbours who walk along Taylor Road not enter the fenced-in area around the field and track. Pedestrian traffic can cross Taylor Road at the soccer fields and walk around the perimeter of the fencing to access the school.

We look forward to the facility improvements this will bring to Ancaster High and appreciate your understanding.

Sincerely,

Jane Macpherson
Superintendent of Student Achievement
