

# Seek Answers to Questions Like These When Doing Your Research

## PROGRAMS & ADMISSION REQUIREMENTS

1. What **programs** are you interested in at college?
2. What are the **required courses** you must take in high school in order to be eligible for admission to these programs?
3. **Oversubscribed** programs have many applications for only a few spaces and not everyone is admitted (the cut off average may be higher than the minimum posted mark). Is your program choice oversubscribed? How many students applying from High School are admitted to this program?
4. Do **marks in specific subjects** affect whether or not you will be admitted? Are there minimum marks required in the certain subjects?
5. If a mark in a specific subject is important (ie. Grade 12 English), and you don't take that course until Semester 2, what will the college do? Will they wait until Semester 2 midterm marks are available, will they use Grade 11 marks, or will they do something else?
6. Is the college calculating an "average" for admission or simply using specific course marks? If they are using an average, what courses are included in this average?
7. Does your program choice require portfolios, auditions, questionnaires, or other extra items? How can you find out what the extras the college is looking for?
8. What courses do you take in Year 1 of that program? Year 2? Year 3? Can you switch from a 2 year to a 3 year program? Can you switch areas of focus after 1 semester or 1 year?
9. Is there a paid Co-op option in this program? Is there a work experience opportunity in this program?

## INFORMATION SHOULD BE GATHERED FROM

Ontariocolleges website  
([www.ontariocolleges.ca](http://www.ontariocolleges.ca))

COLLEGE WEBSITES

ATTENDING VIRTUAL  
COLLEGE FAIRS (College Mondays)

COLLEGE VIRTUAL TOURS

## EMPLOYMENT PROSPECTS

10. What **type of work** do graduates of this program usually get?
11. According to the college's Graduate Placement Report, what **percentage of graduates find job related work** within a short time after graduating? (usually 6 months)
12. According to the College's Graduate Placement Report, what is the **average starting salary** for graduates from this program?

## RESIDENCE

13. Does the college have residence spaces? How many spaces are saved for first year students? Is it a "first come, first served" residence allotment, or is it by lottery? Do students who live farther from the college get first opportunity at the residence spaces?
14. Does the college have a housing service to help you find "off-campus" housing if you do not live in residence?

## ATMOSPHERE

15. What type of experience will you have? Is the college in a large city, or in a smaller community? Does the college have different campuses?
16. What supports are there at the college to ensure a safe and successful experience?

## SCHOLARSHIPS AND BURSARIES

17. Are scholarships and bursaries available to first year students? How do students apply for these?
18. Do you need to apply to OSAP to become eligible for scholarships or bursaries at the college?

## COST

19. How much should you expect to pay for tuition each year? Are there any other fees for books, technology, labs, co-op...? When is tuition due and can I pay in installments if I am waiting for OSAP?

## OPPORTUNITIES BEYOND COLLEGE

20. If you are hoping to transfer to a university after completing a college diploma program, where can you transfer to? When can you transfer and how much credit will you receive from the university for completing your diploma? Is there a specific average you must attain to be eligible to transfer?
21. Are there Graduate Certificate programs you can apply to after completing the diploma?

## DID YOU KNOW?

Colleges offer cost-effective career training programs with small classes and hands-on experience. Some college programs offer transfer opportunities to university degrees.

Most of our college bound students attend Mohawk College. Last year over half of our college applicants accepted offers of admission to Mohawk College.

That means most of our college bound students remained close to home to complete their college programs.

Other AHS student chose to attend , Conestoga, Fanshawe, Georgian, George Brown, Humber, Niagara, Sault, Seneca, Sheridan, & St. Lawrence colleges.

# COLLEGE APPLICATION CHECKLIST

## Ancaster High School is setting our deadline for College Applications to be completed as December 10, 2021.

The deadline for Equal Consideration by Colleges in Ontario is February 1, 2022

By completing the following checklist, you will have become well informed about the process of making a College Application. Check the box if you have:

- Started checking the HUB, listening to morning announcements, or checking the [Student Services](#) portion of the Ancaster High School website for applying to college information.
- Read Ancaster High's Guide to Researching College or gone on the [www.ontariocolleges.ca](http://www.ontariocolleges.ca) website to get information regarding admissions to programs.
- Taken part in College Monday's - register now at [www.ontariocolleges.ca/en/colleges/college-recruitment](http://www.ontariocolleges.ca/en/colleges/college-recruitment). Mohawk College is hosting Open House+ (virtual visits) from November 1-12. Register here: [www.mohawkcollege.ca/open-house-at-mohawk/register-for-open-house](http://www.mohawkcollege.ca/open-house-at-mohawk/register-for-open-house)
- Discussed your college options/choices with a parent/guardian.
- Narrowed the choices of Colleges and Programs to **five** (three programs from any one College maximum)
- Checked the **prerequisites for each program** and college from your five choices.
- Checked for interview, portfolio, or other requirements for EACH program and college choice.
- Looked at the websites for each college you are interested in attending.
- Detailed the **costs** of attending your college choices (these may be different for each college).
- Virtually visited the colleges you may be attending and examined transportation needs or living accommodations. (Each college will have a virtual tour on their website)
- Researched scholarships, bursaries, or other funding (OSAP) for your College program.
- Informed your Guidance Counsellor of any Night School, or Summer School courses you may be taking to complete your requirements for College admission.
- Reviewed the APPLICATION TUTORIAL/INSTRUCTIONS for college applications (November)
- Completed, submitted, **and paid for** your College Application. (\$95.00 by December 10)
- Kept ALL information received from College choices in an organized manner.
- Replied to ALL correspondence and met deadlines for interviews, portfolios, etc...
- Confirmed your acceptance** to ONE program through OCAS. (any second acceptance of an offer will cancel the previous one)
- Made an application to OSAP for a student loan, (after you accept an offer of admission).
