Remember Timetable Changes?

- While it's fresh...
- Since March 2023, guidance counsellors made about 1000 timetable changes to both semester one and two classes
- Since January 25th, guidance counsellors made over 200 timetable changes...just for semester two!
- Many students requested multiple changes...and some asked us to reverse the change we already made!
- Remember how full classes were? E-Learning too?
- Please plan carefully for next year – this will help you and us!

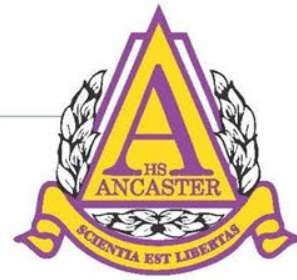

Please Choose Carefully

- Course choices are due in Xello by March 1st
- Your parents/guardians are asked to verify those choices in Parent Portal from March 11-22 and notify us of changes that are needed
- Starting March 23, the Board uses Xello data to decide exactly how many courses we can have at Ancaster High. **This number won't change** and so **we** can't change and so...**you** can't change!
 - We always try our best to support students with a plan to help them graduate and pursue post-secondary (apprenticeship, college, university)
- Ask for help/advice: older siblings, teachers, coaches, guidance counsellors

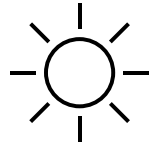

What's Your Best?

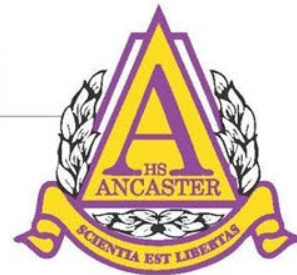

- Grade 11 is the year to “do your best” in each course
- Some Grade 11 courses could impact early offers of admission to degree programs (university)
- Some Grade 11 courses could be used for admission to diploma programs (college)
- Will you be able to achieve the admission average to attend the school and program of your choice?
- Students need to know how high they can achieve to make decisions for the future
- Don't wait until Grade 12 to “try your best”!

Watch Until the End!

- Use this sheet to plan 8 courses for next year (9 if you take Repertoire Music)
- e-mail Ms. Wylie at mwylie@hwdsb.on.ca if you want to take Grade 10 Repertoire (AMR3M1)
- Most courses are also offered via e-Learning (make your choices in Xello)

e-Learning Courses at HWDSB

- Nearly every course offered in-person at Ancaster High School is also offered via e-Learning
- e-Learning offers some unique options NOT offered here at Ancaster High, *like NAC20 - First Nations, Métis, and Inuit in Canada*
- For the full list, check:
 - www.hwdsb.on.ca/ancasterhigh/student-services/course-information
 - Xello has a category titled “e-Learning” with the full list too
- Be careful when choosing “regular” courses. Look for the “eL”

e-Learning – Watch for the “eL”

Xello can be tricky! Be careful!

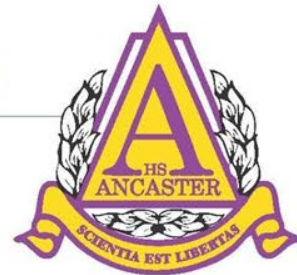

MBF3C1eL is
e-Learning

MBF3C1 is regular,
in-person learning

+ [MBF3C1eL]	eLearning - Foundations for College Mathematics, Grade 11, C
+ [MAP4CeL]	eLearning - Foundations for College Mathematics
+ [MBF3C1]	Foundations for College Mathematics, Grade 11, College
+ [MCR3U1]	Functions, Grade 11, University
+ [MEL3E1]	Mathematics for Work and Everyday Life, Grade 11, Workplace
+ [MCR3U1eL]	eLearning - Functions, Grade 11, University

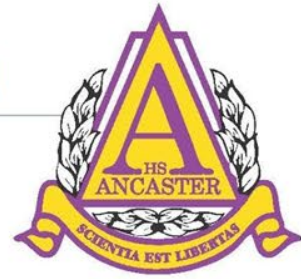

e-Learning has Class Maximums Too!

- Remember – all e-Learning must be chosen by March 1st
- After March 22, 2024 (the end of Parent Portal course verification), we cannot guarantee e-Learning to anyone who asks to change a class from in-person to e-Learning
- Every e-Learning course is taught by a teacher in a high school somewhere in Ontario and has a class size maximum
- We cannot make more room in e-Learning
- So...if you want e-Learning in grade 11 – please choose it in Xello by March 1st!

Full Disclosure

- Applies to Grade 11 and 12 courses only
- Starting **five days after mid-semester report cards**, all courses in which a student is registered will be recorded on the transcript
- Courses that are dropped, failed, or repeated after this date will appear on your transcript
- Check post-secondary schools' policies

Which Schools Consider Dropped, Failed, or Repeated Courses?

- It is the student's responsibility to research this and consider this before dropping or repeating a course
 - Usually, only universities consider this (not colleges)
- **Most universities will consider only the attempt resulting in the highest grade**
- We suggest reviewing University of Waterloo, University of Toronto, and McMaster University's policies on repeated courses

Starting in Grade 11 – New Course Types

GRADE 11 COURSE TYPE	USUALLY INDICATES THESE GRADE 10 COURSE TYPES WERE TAKEN
University (U)	Academic (D)
University/College (Mixed - M)	Academic (D) or Applied (P)
College (C)	Academic (D) or Applied (P)
Open (O)	Any Level
Workplace (E)	Any Level

Examples:

ENG3U1 means students took ENG2D1

MCF3M1 means students took MPM2D1 or MFM2P1

SBI3C1 means students took SNC2D1 or SNC2P1

PAL3O1 means students took PPL2O1 or PAL2O1 or PAD2O1

MEL3E1 means students most likely took MFM2P1

Two Courses All Grade 10's Must Select

- All Grade 11 students require a third **English** and third **Math** credit
- If you have failed a compulsory Semester One class, please re-take this in Grade 11 (English, Math, Science, History, Civics/Careers)
- Please choose this even if you plan to attend summer school
- Once you register for summer school in Xello **(new)** using the **Extra Credit** slot, we will replace the failed class with your **Alternate** from Xello
- Students should choose any remaining Group 1, 2, or 3 compulsory credit

Pre-Requisites for Grade 12

- Look ahead to Grade 12 courses you might need for post-secondary and select the pre-requisite course in Grade 11
- Many Grade 12 courses have only general prerequisites

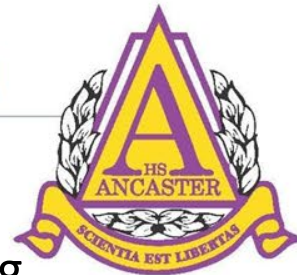

Grade 12 Course	Pre-requisite in Grade 11
Social Science/Humanities	<ul style="list-style-type: none"> • Grade 11 English • Any Grade 11 Social Science/Humanities • Any Grade 11 Can. & World Studies

Pre-Requisites for Grade 12

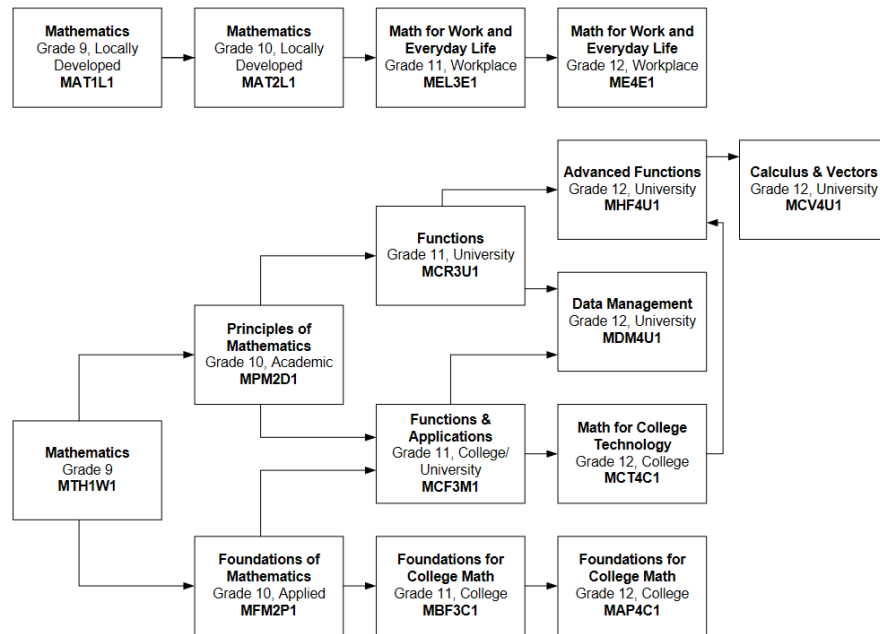

Some grade 12 courses have “specific” prerequisites

	REQUIRES
Grade 12 University Science	Grade 11 University Science
Grade 12 Accounting	Grade 11 Accounting
Grade 12 Technology/Art/Language	Grade 11 Technology/Art/Language
Grade 12 Computer Science	Grade 11 Computer Science

Math

- Choosing the correct level of Math in Grade 11 needs planning

MCR3U1
as the
Default

Maybe
MCF3M1 is
all I need?

MCR3U1 - Functions

- We recommend that students consider multiple careers and multiple pathways
- This requires a lot of planning and thought
- Please don't choose MCR3U1 "automatically" as the default math after Grade 10
- This course is designed for students pursuing degrees in things like Engineering, Accounting, Kinesiology, etc.
- This course demands excellent learning skills and includes a lot of higher-order thinking
- Please consider our advice in the next slides

MCF3M1 – Functions & Applications

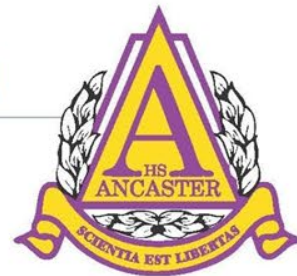

- Expands on ideas from Grade 10 Academic & Applied Math
- Students recognize the concepts and are familiar with the type of thinking needed to be successful
- This course might be sufficient for our diploma-bound (college) and degree-bound (college or university) students
- *Example: Nurses: this could be all you need...maybe MDM4U1 too!*
- Consider taking MCF3M1 first and then MCR3U1

Math & Post-Secondary

- MFM2P1 (Grade 10 Applied) is needed for MBF3C1 or MCF3M1
- MPM2D1 (Grade 10 Academic) is needed for MCR3U1

GRADE 11	GRADE 12	CAREER
MCR3U1 (Functions)	MHF4U1 or MCV4U1	4 Year Degrees in Science, Engineering, Business, Kinesiology
MCF3M1 (Functions & Applications)	MCT4C1 or MDM4U1	3 Year Advanced Diplomas in Technology or 4 Year Degrees in some Social Sciences or Management
MBF3C1 (Foundations for College Math)	MAP4C1	2 or 3 Year Diplomas

Some Degrees **Require** and Some **Recommend** “Any” Grade 12 **University** Math: *Think MDM4U1*

Area of Study at University	Grade 12 Math Required	Grade 11 Pre-requisite
<ul style="list-style-type: none"> • Nursing • Education (Primary Grades) • Some Kinesiology • Management (not “Business”) 	<p>Only one 4U Math which could be:</p> <p>Data Management (MDM4U1)</p>	<p>Functions & Relations (MCF3M1)</p>

Universities Might **Require** One or Two Specific Grade 12 University-Level Math

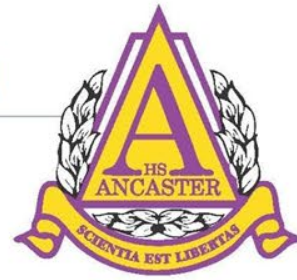

Area of Study at University	Grade 12 Math Required	Grade 11 Pre-requisite
<ul style="list-style-type: none"> • Engineering • Science • Computer Science • Business (Accounting, Marketing, Finance, etc.) • Some Kinesiology 	<p>Calculus & Vectors (MCV4U1*)</p> <p>and/or</p> <p>Advanced Functions (MHF4U1)</p>	<p>Functions (MCR3U1)</p>

**MHF4U1 is the pre-requisite for MCV4U1*

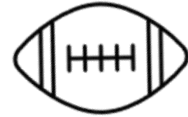

Colleges **Might** Require One Grade 12 Math

Area of Study at College	Grade 12 Math Required	Grade 11 Pre-requisite
<ul style="list-style-type: none"> Engineering Technology Veterinary Technology 	MCT4C1 (Math for College Technology) or High grades in MAP4C1 (Foundations for College)	Functions and Relations (MCF3M1) or MBF3C1 (Foundations for College)
<ul style="list-style-type: none"> Non technical programs 	High grades in MAP4C1 (Foundations for College)	MBF3C1 (Foundations for College)

"I think Mr. Nicholson and Drizzy are super right about this. Students should consider all the types of grade 11 Math and not just MCR3U1. MCF3M1 might be what students need for their pathway"

Actual Quote

Math and Apprenticeship/Workplace

- Any type of Grade 10 Math is okay for an apprenticeship
- Grade 10 Applied (MFM2P1) is recommended
- For future Electricians...more Math is better!

Taking Grade 12 Courses in Grade 11

- What's the rush!?
- Make sure this works for you – what is your plan?
- Don't run out of courses to take in Grade 12!
- Some universities like to see students taking three 4U/4M courses per semester and ask why some 4U/4M were taken via summer school, private school, night school, and e-Learning
