Dear Parent/Guardian:

This letter is to inform you that your child will begin a unit on Human Development and Sexual Health starting the week of March 26th. The following expectations of the Ontario Curriculum will be covered in the Grade 2 program.

By the end of Grade 2, students will:

- **outline the basic stages of human development and related bodily changes, and identify factors that are important for healthy growth and living throughout life.**

The following resources will be used to assist in the delivery of this unit:

- OPHEA resource document

As the Ontario Curriculum indicates, “Parents are the primary educators of their children with respect to learning about values, appropriate behaviour, and ethnocultural, spiritual, and personal beliefs and traditions, and they are their children’s first role models. It is therefore important for schools and parents to work together to ensure that home and school provide a mutually supportive framework for young people’s education” (page 13). This unit offers you, as the most significant influence of your child’s values and behaviours, the chance to discuss the classroom lessons and consider them in light of your own family beliefs.

Parents are invited to review the resources for this unit in the attached Parent Resource Guide in the main office prior to the unit starting.

Sincerely,
