

Promoting Safe Traffic Around Ancaster Meadow Elementary

School Parking Lot closed during morning and afternoon bus drop off (8:35am – 9:05am) and pick up time (3:00pm - 3:35pm)

Please respect all street parking bylaws. Be courteous to neighbours on nearby streets and do not block private driveways.

Walking and biking to school is preferred.

Parents may want to consider parking their vehicles one or two blocks away from the school and walk with their children the short distance to the school grounds.

To make physical distancing easier, families in Grades 1 through 8 are encouraged to use Meadowlands park. The front of the school should be limited to bus students and Kindergarten as much as possible.

Families are encouraged to enter the school yard as close to 9:00am as possible. A limited amount of teacher supervision is available starting 8:45am.

There are separate maps posted showing designated class waiting areas. These are for students and staff only. There are designated areas on the school yard for parents to wait. Parents must physically distance and wear a mask when on school property.
