The District Athletic Council may, from time to time, deem it necessary to establish Boards of Reference or Committees to fulfill the work of the Council. Membership to Boards of Reference shall come from the District Athletic Council, shall not be limited by number, and shall not include any members of the current Executive Committee.

Article VI: APPROVING AN HWIAC SPORT/ACTIVITY

Any consideration to include a sport/activity as an approved HWIAC sport/activity will be made by the District Athletic Council only after review by the HWIAC Executive. The following criteria will be used when a sport/activity is being considered for approval:

- The sport/activity must meet all the goals of the HWIAC
- The cost per participant must fall within reasonable limits compared to the cost per participant of other sports
- Must have appropriate risk management guidelines for the sport/activity
- The availability of coaches with appropriate expertise
- The availability of certified game officials in sufficient quantity to cover regular season and playoff games
- The availability of appropriate facilities
- The participation of a minimum 50 % of member schools (see Article IX)

Article VII: FUNDING CLASSIFICATIONS FOR AN APPROVED HWIAC SPORT/ACTIVITY

There are three categories of approved HWIAC sports/activities:

a. APPROVED - FUNDED

Sports/activities which fit the criteria as outlined in Article VI. An approved-funded sport can expect funding to include the following:

- i. management of all league functions including regular season and playoff games, standings, player and coaching eligibility, and championship events by the Athletics Department
- ii. the cost of all league functions managed by the Athletics Department
- iii. rental charges for game facilities (and possibly practice facilities) as required by the sport and scheduled by the Athletic Office
- iv. HWIAC awards
- v. fees for SOSSA events for member schools only

b. APPROVED - NON FUNDED

Sports/activities that are either new, and/or in the process of establishing minimum levels of participation, or sports that have moved from the approved- funded list reduced levels of participation. These activities are required to abide by all HWIAC policies including those governing Approved – non funded sports/activities.

c. PROBATIONAL AND UNDER REVIEW

These sports are under review for the purpose of moving to the approved-funded list or to the approved-non-funded list.

A sport can be placed on the probation and review list when, at the conclusion of a season, it has a participation level below the minimum required. The HWDSB Athletics Supervisor will indicate at the June meeting of the Council that the sport is to be placed on the probation and review list for the upcoming season.

Should the sport fail to meet the minimum level of participation after spending one year on the probation and review list, it will automatically be placed on the approved non-funded list.

A sport shall remain on the approved non-funded list for at least one season or until participation levels are sufficient to warrant a request to the HWIAC Executive to have the sport returned to the approved-funded list. This would require the sport to be placed on the probation and review list for a season to prove there is sufficient interest, after which it can be placed on the approved-funded list or returned to the approved-non-funded list.

A sport that has been on the approved-funded list and is placed on the probation and review list for the upcoming season will continue to be funded.

A sport that is new or attempting to return to the approved-funded list from the approved non-funded list will be placed on the probation and review list (at the discretion of the District Athletic Council) but will not be funded.

A sport on the probation and review list would fall into one of these categories:

i. Category A

Designates sports which will maintain funding during the probationary and review process.

ii. Category B

Designates sports which will not be funded during the probationary and review process.

Article VIII: MINIMUM REQUIRED RATE OF PARTICIPATION

To be considered for or remain on the Approved/Funded list, there must be at least 50% of member schools entering a team. For the purposes of defining a team in the following sports, the minimum levels of student participation are:

<i>Sport</i>	<i>Minimum Number</i>
Alpine Skiing	6 students
Badminton	6 students
Golf	5 students
Cross-Country	6 students
Tennis	6 students

The HWDSB Athletics Supervisor will distribute any proposed amendments to the District Athletic Council and Principals Association at least one week prior to the vote.
- d.** For constitutional amendments, an amendment must receive a 2/3 majority to be approved at the District Athletic Council.

By-Law III: OTHER CONSIDERATIONS

b) Participation Limitations

- i. No student may participate in any activity in an age category lower than their own.
- ii. For team sports where junior and senior seasons run concurrently, a student who participates in a higher age classification for two HWIAC league games/matches shall not be eligible to participate in the lower category in the same sport until the next school year.

- ii. A student participating on an HWIAC hockey team may not play a game (appear on game sheet) for an Ontario Hockey Association (Junior D and above) team during the HWIAC regular season and playoffs.

*** NEW 2023-2024: A student participating on an HWIAC **BOYS** hockey team may not play a game (appear on game sheet) for an Ontario Hockey Association (Junior D and above) team **at any time during the current school year.**

NOTE; Consequence of breaking this rule will be a forfeiture of HWIAC games in which the athlete in question appears on the game sheet.

e) Course Registration Qualifications:

- i. Students are limited to a maximum of 5 years of interscholastic eligibility beginning with the month and year the student enters grade 9.
- ii. Students must be registered in a minimum of three (3) full time day school credit courses in each semester of participation. In non-semestered schools, students must be registered in a minimum of six (6) full time day school credit courses. A student who has achieved 22 or more credits must be registered in a minimum of two (2) full time day school credit courses in each semester of participation. - iv. Vocational School: a student registered at a vocational secondary school that is not participating in an HWIAC sport may participate in that sport at the composite secondary school in the area where he/she lives or the composite secondary school closest to the vocational school he/she attends, provided student participation has the approval of the sending and receiving principals.

f) Returning From a Post-Secondary Institution

- i. A student who attends a postsecondary institution and practiced or played a sport at an interschool level is ineligible for HWIAC competition until cleared for competition through the transfer review process.

g) Student Transfers

- i. For all sports, the OFSAA. Transfer Rule (most current version) will apply to every student athlete who moves from school to school and/or board to board. The OFSAA. Transfer Rule stipulates that every student who has been registered as a transfer from another school within the previous 12 months is ineligible for all events until deemed eligible through the transfer review process. Students may appeal their ineligibility at the following three levels:
 - (a) Hamilton-Wentworth Interscholastic Athletic Council (through the school Phys-Ed Department Head).
 - (b) Southern Ontario Secondary Schools Association (SOSSA) through the HWIAC representative.
 - (c) Ontario Federation of School Athletic Associations (OFSAA.) through the SOSSA representative.

NOTE: Notwithstanding the above, a student may not play the same sport for more than one HWIAC school in the same playing season.

- b) To facilitate appeals of student ineligibility as a result of transfer from another school, the District Athletic Council has established a Board of Reference - Transfers.
 - i. Students transferring from one school to another who wish to appeal their ineligibility may do so through **the school phys-ed department** by having the appropriate current year form properly completed and submitted to HWDSB Athletics not less than 24 hours prior to the meeting of the Board of Reference - Transfers. (This will be the first level of appeal)

 - b) No competition five (5) school days prior to and during system-wide examinations as identified on the Board's Ministry of Education approved school year calendar.

NOTE: A practice is defined as an activity session specific to the sport concerned at which team

members and any member of the coaching staff are present.

b) Recruitment

Recruiting is defined as a representative of a school, either directly or through another party, encouraging a student to attend a school other than that in whose catchment area he or she resides, for the purpose of being involved in extracurricular sport. The school representative could be a teacher, administrator, school district employee, school employee, student, parent, alumnus, or any person representing themselves as a school contact.

This policy against recruiting discourages exploitation of students; prevents over-emphasis of athletics; gives average student-athletes more opportunity to participate; discourages adults from jeopardizing a student's eligibility, and prevents the misuse of athletic programs.

It is inequitable and unethical to recruit or entice players from the jurisdiction of another school. No school may include in its lineup a student who is shown to have transferred to that school under these circumstances.

When a coach or any person associated with a team who is not a competitor has been disqualified from a game/event, the game/event official shall note all the details of the disqualification on a Competitor Disqualification form or the game sheet and give the completed form to the home/host school. The home/host school shall provide each coach with a copy and fax (or email) the original of the form along with the game scoresheet (where available) to the HWDSB Athletics within 24 hours.

Unless a teacher, administrator or accredited non-staff coach from the same school is available to continue coaching the team, the game will be stopped and forfeited to the non-offending team.

When a coach has been ejected from a game, it will be the responsibility of the school principal to assure the coach is informed of the suspension, the date the suspension is to be served and that a qualified replacement coach is appointed for the date the suspension is to be served.

h) Tie Breaking Procedure

*NOTE: A team that **forfeits** a regular season game loses all rights to tiebreakers and will automatically be designated as the last team among the tied teams.*

- (i) Two (2) TEAMS TIED:

Where two (2) teams are tied for playoff positions, the following steps will be used, in order, to establish a ranking of the tied teams:

- (a) higher standing awarded to the team which defeated the other during league play;

- (b) higher standing awarded to the team with the greater number of wins against all teams in regular season play;
- (c) higher standing awarded to the team with the better point differential (**see note below**);
- (d) higher standing awarded to the team with the better record against the highest ranked common opponent;
- (e) higher standing awarded to the team with the better point differential against the highest ranked common opponent; *(note should a tie still exist using the highest ranked common opponent than continue to use the next highest common opponent until tie is broken).*
- (f) if time permits, a tie break game shall be played;
- (g) positioning will be determined by a coin toss.

(ii) Three (3) OR MORE TEAMS TIED

Where three (3) or more teams are tied for playoff positions, the following steps will be used, in order, to establish a ranking of the tied teams. Once ranked, teams will be slotted into available playoff positions, starting with the team ranked first and continuing in descending order until all playoff positions are filled. At that point, any remaining teams in the ranking will be excluded from the playoffs.

At each stage, should the process identify a team, that team shall be added to the established ranking and the team and its record shall be removed from the tie breaking process. Each step is to be repeated among the remaining tied teams until it is no longer relevant.

- (a) higher standing to the team which defeated the other tied teams during league play;
- (b) higher standing to the team with the greatest number of wins against all teams in regular season games;
- (c) higher standing to the team with the better point differential (**see note below**) in the games played between the tied teams (except volleyball);
- (d) once all of the above steps have been exhausted, any remaining tied teams shall have their placing determined by a coin toss.

NOTE:

- a. in volleyball, record in head to head competition is calculated first by match result, then sets won, then points scored in the match(es) involving the tied teams. The team with the better record shall be given higher standing, added to the order of ranking and the team and its entire record removed from consideration of any subsequent tie breaking procedure.
- b. Point differential is the value reached when points scored against are subtracted from points scored in the games played between the tied teams.

- c. When a game result reaches or exceeds the maximum point differential per game noted below, only the value of the maximum point differential will be considered in the tie breaking process.

Baseball	=	7 runs
Basketball	=	20 points
Field Hockey	=	5 Goals
Football	=	28 points
Hockey	=	5 goals
Rugby	=	21 points
Softball	=	7 runs

By-Law VIII POLICY FOR SCHEDULES & FORMAT

(a) General

- (i) Divisional alignment and the playoff format for each sport will be determined by the District Athletic Council (DAC). Member schools will be required to submit a commitment of entry for each sport/activity for the coming year (based on a reasonable expectation to participate) to HWDSB Athletics by June 30th (firm deadline). Similarly, by June 30th, schools will be required to submit any dates for the coming school year that are to be avoided in the scheduling process since all schedules are prepared for distribution at the beginning of the school year.

- (ii) Schools wishing to enter a team in a sport after the initial deadline specified in item (i) above, must request to do so no later than seven (7) calendar days prior to the scheduled pre-season meeting for the sport concerned.
- (iii) Where a school decides to withdraw a team at any point after the pre-season meeting for the sport concerned, the HWDSB Athletics Supervisor will determine, in consultation with the Executive, any changes to the schedule and playoff format.
- (iv) In special circumstances such as school closure, "snow days", the sudden unavailability of facilities or referees, or the legitimate inability of one team to compete, HWDSB Athletics may, in consultation with the assigned Supervisory Officer and/or the HWIAC Executive, postpone, reschedule, or cancel scheduled activities.
- (v) HWDSB Athletics will attempt to include in each winter season schedule a make-up day between the last regular season date and the first date of playoffs. Schools are required to keep this day available in the event a make-up game is necessary. Schools wishing to reschedule a regular season game to the makeup date may do so only with the approval of the HWDSB Athletics. The inability of a school to participate in a rescheduled game on the designated makeup day will result in forfeiture of that rescheduled game.

(b) Sport Format Change

Changes to a sport format cannot be altered 60 days prior to the traditional beginning of the sport season. To make a format change, a proposal must receive a vote of 51% of DAC member schools to pass (one vote per school). Schools who have not participated in the league in the previous two seasons of which the format is proposed are ineligible to cast a vote.

- (i) HWDSB Athletics reserves the right to change the format of a league less than 60 days prior to the start of the season under extenuating circumstances (example - teams dropping out of play, budget restrictions... etc) or by approval of the Superintendent responsible for Athletics. Athletics will consult the Sport Advisory Person in this scenario and notify the DAC Executive of the circumstance / rationale of the change.

(ii) Process To Change A Format

- Head Coaches have 1 month from the end of the HWIAC championship to submit a proposal suggesting a format change (Athletics will send a post season reminder and publish procedure in rules & regulations)
- The format change must be made in writing and submitted to HWDSB Athletics detailing the change of structure, potential budget implications, regular season and postseason structure.
- Once received, HWDSB Athletics will circulate to all registered Head Coaches for review and call a post season meeting. The school proposing the change will chair this meeting and present to all coaches. The Sport Advisory Person for each sport should be present at this meeting and be responsible for documenting attendance and position of each school. A post season meeting can be conducted by conference call or via e-mail if needed however a face-to-face meeting is preferred.
- If ratified at the Post Season Meeting the proposal will be sent to the Competition Committee for review and be judged on validity of format, feasibility and overall objectives. If the Competition Committee approves the proposal it will stand as endorsed by the Committee at the next scheduled DAC meeting. A proposal not passed by the

Competition Committee will be returned to the coaches with rational for denial and recommendations for further development.

- A proposal not endorsed by the Competition Committee may still be brought forward for consideration at a regularly scheduled DAC meeting but must be endorsed by at least two schools. Any school bringing a proposal forward at a DAC meeting must have proposal recognized as an Agenda Item and circulated prior to the meeting via Athletics

(c) Forfeits

- (i) Should a team forfeit a game with less than 24 hours' notice, all costs associated with the game shall be charged to the forfeiting school.
- (ii) Should a team forfeit a game, they will charged the maximum point differential, as a result of the forfeit
- (iii) Should a team forfeit two (2) games during regular season play, the team shall be removed from the league and all points earned in games played against that team shall be removed from league standings.
- (iv) A team that forfeits a playoff game shall also forfeit the right to play any further playoff games at the current or subsequent level of playoffs

(d) Playoffs

- (iii) The playoff format for each sport will be published in the Playing Regulations.

(e) Starting Times

APPENDIX D

Hamilton-Wentworth Interscholastic Athletic Council - SOSSA Representation Selection Process

It is the intent of the HWIAC to send representation to SOSSA at all classification levels. The following is a summary of the process to determine SOSSA representation in each of "A", "AA", "AAA" and "AAAA" classifications.

All references to "challenge games" shall mean games played to determine SOSSA representation. "A", "AA", and "AAA" levels will be considered as separate levels with separate entries unless SOSSA or OFSAA determine otherwise.

At all levels:

- a team that does not qualify for league playoffs cannot challenge for a SOSSA entry
- a team that has been defeated by another team twice during the regular season cannot challenge the team that defeated them
- if all teams fail to qualify for league playoffs, then the challenge process outlined below shall apply.

1. All Levels

- a) Representation will be determined first from the schools reaching the semi-final and final level.
 - (i) For AAA schools, representation will be determined from the team reaching the finals level; should two AAA teams make the finals, the champion will advance; should two SOSSA spots be available then the two AAA teams making the HWIAC final would advance.
 - (ii) For AAA schools, challenge games would only occur should an A or AA school appear in the final against a AAA school and a second entry into SOSSA was available
- b) Where only one school exists in any classification, or only one school in any classification reaches the semi-finals, that school shall be considered the Zone 1 representative to SOSSA
- c) Where only two schools of the same classification qualify for playoffs, the following will apply:
 - (i) where neither team has reached the semi-final round of league playoffs, a challenge game shall be played between the schools to determine SOSSA representation. If the two teams have played during the playoffs, the winner of the playoff game shall advance to SOSSA
 - (ii) where one team reaches the semi-final round of league playoffs, that team shall advance to SOSSA and a challenge game shall not be required.
 - (iii) where both teams advance to semi-finals and lose, a challenge match shall be played with the winner advancing to SOSSA
 - (iv) where both teams play in the semi-finals and one advances to the championship and wins, that team shall advance to SOSSA. If the team advancing to the final loses to the team that defeated the other team in the semi-finals, the semi-final loser can challenge the team of the same classification that lost in the championship for representation to SOSSA
 - (v) Where an 'AA' school from one division has not had an opportunity to play the other 'AA' schools in the regular season or playoffs and all 'AA' schools are eliminated from playoffs in the preliminary or quarter final rounds (ie no crossover play); then that school would be entitled to participate in the challenge match process. Regardless a 'AA' school reaching the semifinal or final would be considered the Zone 1 representative.

- d) Where three or more schools of the same classification qualify for playoffs, the following shall apply:
- (i) where three or more schools of the same classification fail to reach the semi-final round of league playoffs, then a representative team will be sought first from the quarter-final round and then, if necessary, any earlier rounds in order of advancement. In such circumstances, the representative team shall be determined by a series of challenge games involving the teams that have advanced furthest in the playoffs. Where one team has advanced further than the others of the same classification, there shall be no challenge and that team shall advance as the SOSSA representative.
 - (ii) where three teams of the same classification reach the semi-finals and one advances to the championship and wins, that team shall advance to SOSSA. If the team advancing to the championship loses, the team of the same classification that lost to the winner of the championship can challenge the team that lost the championship for representation to SOSSA.
 - (iii) where three teams of the same classification reach the semi-finals and two advance to the championship, the winner of the championship shall advance to SOSSA.
 - (iv) where four teams of the same classification reach the semi-finals, the winner of the championship game shall advance to SOSSA.
 - (v) Where an 'AA' school from one division has not had an opportunity to play the other 'AA' schools in the regular season or playoffs and all 'AA' schools are eliminated from playoffs in the preliminary or quarter final rounds (ie no crossover play); then that school would be entitled to participate in the challenge match process. Regardless a 'AA' school reaching the semifinal or final would be considered the Zone 1 representative.

2. Challenge Matches

- a) Challenge games will be played at the site of the higher ranked team unless timelines do not permit, in which case all challenge games may be played at one or more sites on the same day with the site(s) and schedule of play determined by HWDSB Athletics.
- b) Every effort will be made to play challenge games prior to the HWIAC final, so as to provide as much preparation time as possible to the advancing team.
- c) In the event there are three eligible teams at either the quarter-final or preliminary round, the following shall occur:
 - (i) teams will be ranked 1-2-3 on the basis of the results of the regular season games played amongst the three teams, provided all three teams played each other during the regular season. If the three teams defeated each other in regular season play, positioning shall be determined using the 3-way tie-breaking method outlined in the HWIAC constitution. If the three teams did not all play each other, then the regular season record of each team shall determine ranking. If the records of the teams are identical, then a coin toss shall determine ranking.
 - (ii) a series of challenge games shall be played to determine a representative using the following format:
 - No. 3 vs. No. 2 ;
 - Winner vs. No. 1
 - (iii) should the winner of the #3 vs. #2 match subsequently defeat #1 and there are 2 SOSSA entries available, the loser of the first match (#3 vs. #2) shall have the right to challenge #1 for the second SOSSA entry.

- (iv) In the event there are more than three eligible teams, the challenge process outlined above will be modified to accommodate the number of teams and the availability of time and facilities.
- d)** Should a circumstance arise where a level is not represented at the semi-final round of league playoffs and a second entry to SOSSA is required, then a representative team will be sought first from the quarter-final round and then, if necessary, any earlier rounds in order of advancement. Where more than one team of the same classification has reached that level, a challenge match will be played to determine SOSSA representation.
