

Balaclava Music Program

Class 6/7A ,7/8A ,7/8B

Good day,

I am excited for the opportunity to explore music with students this year at Balaclava.

During music class students will explore and practice independently and in groups to demonstrate their learning. Students will be encouraged to extend their creative abilities through listening, performing, and creating music while showing respect for the opinions and efforts of others. Students will solve musical problems individually and in groups to demonstrate their achievements.

I appreciate input from students who have specific strengths, needs and interests and will try to create an environment for all students to pursue their goals.

Please feel free to give me a call at the school (905-659-3396) or email tnicks@hwdsb.on.ca if you'd like to talk more about music.

Mr.Nicks
