

Kids Learn Hip Hop Moves And Produce A Custom Music-Video!

Children will discover the latest in hip-hop dance, music, and iPad technology within an exciting, energy filled environment. Through solo and group participation, they explore being a director, dancer, choreographer, DJ or producer, all while creating a one-of-a-kind music video.

The perfect creative outlet for your child to channel their energy through movement, while building self-confidence, social skills and creativity.

We bring out the **SUPERSTAR** in every child!
