

Virtual Lessons in the Comfort of Your Home!

Join us in this fun virtual way of drawing.

We use the same format we have been using for our after-school classes. A format the students know and love!

Grades 1-3 and 4-5 classes.

Our one-hour classes are both creative and fun. Art Innovators provides a safe vehicle for your child to express themselves creatively.

Every week is a different drawing.

Art supplies will be suggested for each project. For most drawings, art supplies you already have at home will work.

Let's Have Fun!
