VISION

We aspire to make the world a better place through informed, responsible, and compassionate action.

MOTTO

When we look after ourselves and we look after one another, we all succeed.

Today is Earth Day. At Balaclava we aspire to make the world a better place through informed, responsible and compassionate action. As a community we will be taking time to clean up garbage on our grounds today and should strive to remember every day that our actions have impact.

There will be gloves and bags available in the front foyer today.

Return the gloves to the box in the foyer and leave the bags of garbage outside the front doors. Teachers can participate throughout the day whenever it is suitable for your class!

“The UN estimates it would cost an additional \$30 billion to provide access to safe water to the entire planet.

That’s a third of what the world spends in a year on bottled water.”
