AND GENDER QUESTIONING

STUDENTS

HWDSB invites families of transgender and gender non-binary youth to a welcoming discussion to help support their child. The session is a chance to share the ups, downs and questions about your child's gender identity, gender fluidity and transition with a welcoming group of parents/guardians.

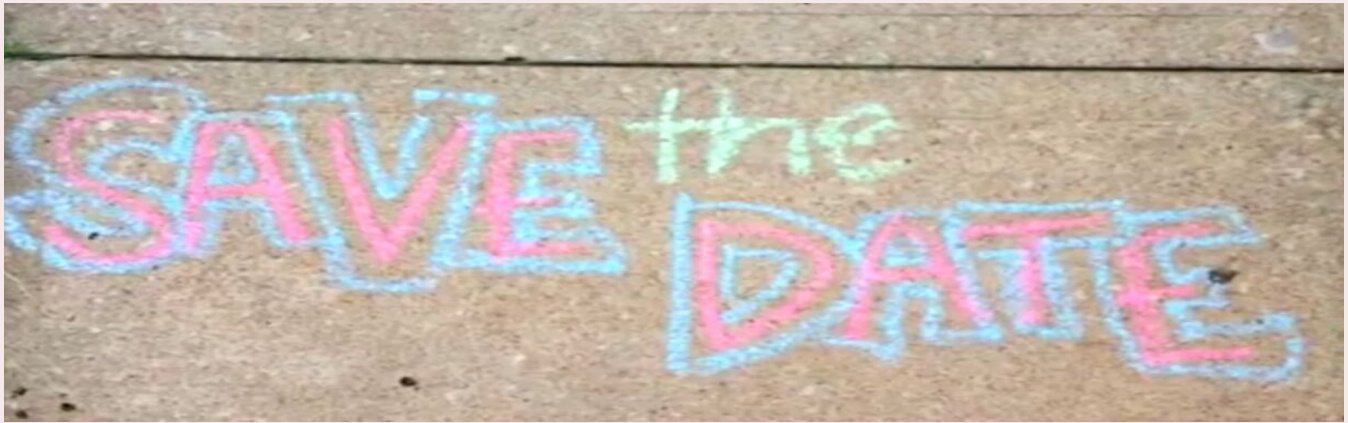

You are invited to bring your child at the same time to a social and support group facilitated by peer facilitators under the supervision of HWDSB staff. **Our youth discussion group Transcend meets at same time as the parent/guardian session, but in a separate room.**
