As part of HWDSB's efforts to help keep students connected with our community partners, we have created the "HWDSB Partnerships Team" in MS Teams. The goal of this Team to allow participants to access unique programming and resources provided by our partners. HWDSB staff and students will be able to view and utilize approved content to enhance and support classroom learning.

Our Educational Partners represent a variety of sectors including post-secondary institutions, not-for-profit organizations and community groups. These Partners provide HWDSB with ideas and content to enhance curriculum, and opportunities to interact with the world beyond schools.

In the HWDSB Partnerships Team, you will find up-to-date and approved resources, programs and videos from our Partners. Content can be used by students to support their learning from the classroom, or by educators to provide real-world examples of lessons and teachings. Dig in, explore, and let's work together in our journey through education!

#### **TO JOIN THE HWDSB PARTNERSHIP TEAM:**

Information is available on our website for parents/guardians related to privacy.
