

# Updates and Reminders

## Visitors

The winter weather is upon us! We are asking parents to please make sure that your children are coming to school dressed for the weather and have all essential items needed for the day. As stated in our School Reopening Protocol with the support of public health; "it is strongly recommended that parents do not drop off items during the school day." By limiting visitors to the school, we are decreasing our points of contact which will help to keep our staff and students safe. Thank you for your ongoing support as we continue to navigate these challenging times.

## Masks

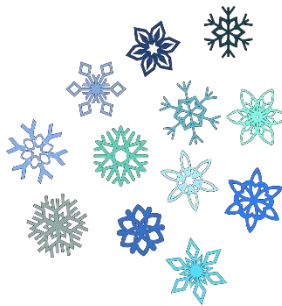

A mask must be worn if you are dropping off or picking up children and will be entering school property.
