

BRIXOLOGY

THURSDAYS FROM 10:20AM—11:00AM

HELD AT BILLY GREEN ELEMENTARY SCHOOL FOR EIGHT WEEKS

APRIL 24TH — JUNE 12TH

BRIXOLOGY Extra-Curricular Program sets the foundation for our next generation of makers! Kids learn about different types of engineering and team up to construct a different engineering-themed project using LEGO® bricks. They learn about aerospace engineering while assembling a space station. They explore mechanical engineering as they build boats and vehicles. That's not all! From carnival rides to drawing machines, mechanical animals to truss bridges, your future engineer will build upon their creativity to solve real-world design challenges, while developing their problem-solving and team-building skills. Let the tinkering begin!

**REGISTER BEFORE TUESDAY APRIL 15TH AND RECEIVE \$20.00 OFF
