

June 26th 2020

Hello this is Dave Schroeder, Principal at Cecil B. Stirling with a final message for the school year.

Today was the last day of school in a very challenging school year. I want to thank the entire CB Stirling community; students, caregivers, and school staff for their grit, optimism and hard work as we navigated challenges over the last four months.

I want to take a moment and thank school council for their time and input during our regular phone conversations over the last few months and keeping “your ear to the ground for me.” Thank you Shannon, Sharon, Melissa, Brianna, Dori, Becky, and Tania for your time and commitment to CB Stirling’s students.

On Wednesday and Thursday this week, we celebrated our graduates as they finished their time at CB. Thank you to our Graduation team for creating a celebration that was special for our grads despite a lot of challenges. We wish our graduates well on their next adventure as the move on to secondary school in September.

June report cards are being emailed home June 25 and 26th. You will need your child’s OEN number to access that information.

Next year’s class placements are being communicated on the Report Card at the bottom of the learning skills section. Classroom placements are created using teacher professional judgment and student wellbeing.

As we close out the school year, I wish everyone in your family a happy and healthy summer holiday with lots of fun adventures.

Sincerely,

Dave Schroeder
