Attendance Matters

What we know about the impact of persistent absenteeism

- Studies show that better attendance is related to higher academic achievement for students of all backgrounds, but particularly for children with lower socio-economic status.
- Beginning in kindergarten, students who attend school regularly score higher on tests than their peers who are frequently absent.
- Chronic truancy (frequent unexcused absence) is a strong predictor of undesirable outcomes in adolescence, including academic failure, dropping out of school, substance abuse, gang involvement, and criminal activity.
- However, chronic absence (regardless of reason) is increasingly identified as an important “early warning sign” that a student is at risk for school failure and early dropout.

Creative Kids Design An Ad Contest

Congratulations to Eva M., Danielle B. and Jem Z. for winning the Creative Kids Design An Ad Contest. The advertisements that they created will be featured in the Hamilton Spectator on Friday February 24.

This week the students at Chedoke celebrated 'An Act of Random Kindness'. This will continue to be part of the culture at Chedoke School until June. Talk to your child at home about different ways we can show kindness to each other.

Mrs. Chassie's grade 1's share this with us yesterday:

"What can you give away a thousand times that you can always get back?"

A SMILE.

Lates and Absences

Our lates and absences continue to be a challenge for us. We currently have approximately 500 students in our school and on average 1/3 of our school is late at least once a month and 1/6 of our students are absent. Thank you for your continued support as we work to reduce these numbers.

CANADA CHILD BENEFIT

Filing taxes may not be your idea of fun, but it can make a big difference to your family's income. New financial supports such as the Canada Child Benefit (CCB) can mean hundreds of extra dollars per month for low and middle income families who have children up to the age of 17. The only catch is, you must file your taxes in order to access this extra money!

For example, a family with 2 children and earning \$28,000 a year could be eligible for a tax free benefit of \$900 a month through the CCB -that's \$10,800 per year! Families receiving social assistance are eligible for the benefit too, and it isn't deducted from Ontario Works or Ontario Disability Support Program.

The Hamilton Roundtable for Poverty Reduction, City of Hamilton and community partners want to make sure everybody who is eligible can access the money to which they are entitled.

There are plans in the works to expand free community tax clinics in Hamilton.

In the meantime, please visit www.cra.gc.ca/getready to find out more about filing your taxes and receiving the Canada Child Benefit.

WANAKITA TRIP

Earlier this month, 36 grade seven students and 4 teachers attended a 3 day camping trip to YMCA Wanakita in the Haliburton Highlands. What an experience! Snowshoeing, cross country skiing and high ropes were just some of the many activities offered. Camp staff was wonderful as usual, and provided excellent instruction on environmental issues, safety and use of equipment and co-operative games. Students enjoyed the beautiful weather, large amounts of snow and delicious camp food. While we aren't sure how much sleep was achieved, everyone had fun.

More than just a bag

2017 Chedoke Elementary Fund-raiser; Parents we are looking for your support....

On February 10th we will begin a major fundraising effort. The main focus of this fundraiser is to purchase additional digital technology for our classrooms (iPad, robotics, speakers, licensing fees, etc...) Our teachers all agree that these items are valuable tools in education, helping to engage the students and improve learning. If we want these things (and we absolutely do!) we have to come up with the funds..

We will be selling a peanut-free variety pack from World's Finest Chocolates. Assorted boxes contains chocolate covered almonds; mint meltaways; caramel whirls; milk chocolate crisp bars and chocolate almond bars. A number of assorted totally nut free boxes are available for those who require them – please indicate nut-free below if required. Each item sells for \$3.00. We chose the \$3.00 products because they offer the highest return to the school - \$1.50 from every item sold remains at the school as our profit. That's \$45.00 profit / box sold! As a plus, the cases are personalized just for our school and this year. Each item has a free access code to 'Three Winners' discount website (a \$28.00 value), where you can find lots of savings coupons you can use at home and when traveling.

Starting February 10th the chocolate will be sent home with each student who has returned the attached permission slip. Our sale will run until March 1st so everyone can take advantage of both Valentine's, and the Family Day weekend to sell. Please return **\$90.00 CASH** for your box as soon as your chocolates are sold, or return any bars you are unable to sell so someone else can sell them.) We do appreciate sell outs – your efforts may be very well rewarded - thank you! Additional boxes will be given out upon request when **\$90.00 CASH** has been returned for the first box. Please label your envelopes clearly with your child's name when sending in money.

*****We have some terrific incentives for our sellers.*****
