It's Time for Lunch Clubs!

We are looking for volunteers to lead a weekly lunch club beginning the week of October 12 and running for 6 weeks. If you can think of a fun activity for the kids and have 40 minutes a week to spend with our students, your help will be highly appreciated.

Let us know which age group you would like in your club, and which time works best for you (a.m. or p.m. nutrition break). Examples for lunch clubs are soccer, lego, crafts, science, knitting, languages, board games, dance, colouring etc. The kids love the lunch clubs and the more volunteers we get, the more students will be able to participate. Please consider volunteering for a lunch club and contact Jennifer at
