

Mathematics is the most beautiful and most powerful creation of the human spirit." – Stefan Banach

Join us at **Dalewood Middle School**
on **Wednesday, November 22nd**
for two events connecting math, art, and learning
led by

Ron Lancaster

Senior Lecturer

Centre for Science, Mathematics, & Technology Education
Ontario Institute for Studies in Education

Afternoon Math Trail to explore math all around us
and
Evening discussion and activities entitled

***Mathematical moments for parents and their children:
Viewing the world through a mathematical pair of glasses,
enjoying puzzles & games, and novels & movies***

Math Trail

3:00 to approximately 4:00 pm

Meet in lobby of Dalewood Middle School at 2:50 (1150 Main St W).

Come prepared for an outdoor walk in the neighbourhood near the school.

Parents and children welcome (best suited for students in grades 6-8)

Evening Presentation

7:00 to 8:30 pm

Dalewood Auditorium (1150 Main St W).

Parking on street or at Dalewood Recreation Centre.

Parents and children welcome (best suited for students in grades 6-8)

These events were made possible with funds received from the
Ontario Ministry of Education's Parent Reaching Out Grant.
