June 26, 2020

Dear Parents and Guardians:

We are coming to the close of the most complicated year in education that I have ever experienced. I am grateful to the staff of Dalewood, the students and families who have kept the learning happening over the last few months. What we have accomplished is truly remarkable. Thank you everyone for your dedication during this time. I hope that you and your families are safe and well.

Report Cards are being sent home to your email address. We are using the email address that is currently in our student database. You may be asked for a password and this password is the student's OEN Number located on any report card. Student placements for September will be noted in the Learning Skills Section of the report card.

Our staffing for the next school year is almost complete. Please find below an updated staff list. We have some staffing changes. I would like to congratulate and thank the staff who are moving onto new positions next school year. These educators have given years of dedication to this community and I wish them well in their new positions. **Good Luck and Best Wishes to: Mr. Martindale, Mme. Mason-Grant, Mrs. Finlayson, Mrs. Wright, Mr. Mayner and Ms. Wong.**
