Dear Dalewood Parents, Students and Extended Community,

On the evening of Tuesday, October 17, from 4-7 pm, Dalewood Elementary School is partnering with the local Fortino's Supermarket (1579 Main St. West) and Race Car Driver Dave Connelly to participate in the **Fortino's Fuel for Kids Fundraising Program**.

If you're not familiar with the program, it has been running at various Ontario schools since 2005. It includes a real live race car, a former Nascar and Cascar racing professional as well as an enormous amount of food provided by Fortino's and other sponsors. Most importantly, it also represents a tremendous one-day fundraising opportunity for our school to raise significant funds that can be spent on student programs over the course of the year.

The price of a hot dog+snack+drink will be \$5. There will be halal and vegetarian options available. 100% of money raised through food and raffle sales that evening will go directly to supporting our students at Dalewood, helping us purchase new technology and materials for our library.

We would like to invite the entire Dalewood community to join us at the Main West Fortino's to enjoy this fun evening. **We are also looking for a number of volunteers to help out on that evening and possibly in the days leading up to it.** If you're interested and able to volunteer that night, please reach out to us at the school (dalewood@hwdsb.on.ca or 905.528.8631) to detail your availability and possible commitment level.

With anticipation and appreciation,

Dalewood Elementary School Team
