

Tree Tapper

"I remember the first time I tapped the Maple tree outside Delta. The first time I tapped it I just did it. I didn't ask anyone. I believe that it is my right as Anishinabe to use the land. Just as I was coming the Vice Principal was there giving the Superintendent a tour. They asked what I was doing and I told them how I was tapping a maple tree. The Vice Principal was very happy and supportive, and the Superintendent was a bit confused about what was happening. It was such a great way to be able to tell them a little bit about what the Nya Weh program is all about."
