September 9, 2019

Dear Families,

Recently, our school underwent water testing for lead, in accordance with the provincial regulations (O.Reg 243/07). As a result of this testing, concerns were identified within the school. Corrective actions have been taken to prevent lead exposure. This includes temporarily removing a drinking water fixture from service.

In addition to informing the Ministry of Education and the Ministry of the Environment, Conservation and Parks, our Health & Safety representatives have consulted with Public Health to ensure appropriate corrective actions in the circumstance have been taken for the safety of your child. The water fixture will not return to service until the board and Public Health are both satisfied that the corrective actions in place are adequate.

For more information and if you have any questions, please contact me at 905.627.3521.

Thank you,

Laura Bartkiw  
Principal
