## APPRENTICESHIP NEWS:

---

### Pre-apprenticeship training

If you're interested in working in a trade but don't have the skills or experience to get a job as an apprentice, you can apply for this training.

#### How it works

You can get this training through different organizations, such as colleges or community agencies, across Ontario.

**It's free - costs for textbooks, safety equipment and tools are also covered.**

The training goes for up to 52 weeks and starts at different times throughout the year.

You can receive:

- safety training for skilled trades
- training to improve your academic skills
- basic level apprenticeship in-school training

Pre-apprenticeship training also includes a work placement for **eight to 12 weeks**.
