

DUNDAS VALLEY GRADE 9 ORIENTATION PROGRAM

All Grade 9 Students will automatically be registered for the program at their Secondary School and will be able to participate.

It is suggested students attend both days, but can attend only one day if they choose.

Parent/Guardian Information:

These sessions will help students to make connections with new classmates and teachers, become more familiar with their new schools and the on-line tools we're using, in addition to providing some helpful tips for time management, study habits and other keys for success in high school.

No further action is needed from you at this point and additional information will be provided to you by email in August. We're looking forward to helping all of our Grade 9 students feel confident and comfortable as they begin their high school journey!

Your student will receive a confirmation message in mid/late August about their timetable and how to participate in this orientation.

**Tuesday
August 27th
and
Wednesday
August 28th
from
9:00 AM
to 12:30 PM.**
