## What are Schulich Leader Scholarships?

Schulich Leader Scholarships are Canada's most coveted undergraduate STEM scholarships. One hundred are awarded to entrepreneurial-minded high school graduates enrolling in a Science, Technology, Engineering or Math program at 20 partner universities across Canada. Half are valued at \$120,000 for engineering scholarships and half are valued at \$100,000\* for science and math scholarships. Every high school in Canada can nominate one graduating student each year to apply for the scholarship.

Learn more here: [Schulich Leader Scholarships](#)

If you plan to go to university for a STEM degree, and your focus is entrepreneurship (and not research or medicine), please submit your self-nomination!

Focus your three leadership experiences on STEM/entrepreneurship examples.

**And yes, a DVSS student won this last year!!!**

**Have a wonderful week!**
