

Weekly Update Feb. 15-19, 2021

Daily Screening

Please continue to do the daily screening for your child at home, prior to sending them to school. Should your child have ANY of the symptoms on the list, answer "Yes" to any of the questions, or is feeling ill in any way, please keep them home, and follow public health protocols.

★ Dropping Off Items ★

This is just a reminder that we CANNOT accept ANY items being dropped off at the school due to cross contamination concerns. Please ensure that you send everything needed for the day with your child. These items could include, but are not limited to:

Shoes
Agendas
Water bottles
Snow clothes
Backpacks

Please ensure extra mitts, socks and masks (ideally 3) are sent with your student each day. If a student forgets a water bottle, we can provide a cup for the day. If homework is forgotten, please reach out to the teacher to see what alternate arrangements can be made.

Please make a list of items that are needed each day, and help your child with gathering what is needed.

Report cards

Report cards will be sent out electronically on Friday, February 19, 2021.

Family Day

Monday, February 15th is Family Day. There is no school on this day, so enjoy spending time safely with your family!

Beach Day

Friday, March 12th is our annual Beach Day! Come dressed for the summer! Please keep in mind that no bathing suits are allowed, and it is still winter, so outdoor clothing is still a must.

Parent Phone Numbers

Office staff may be reaching out to some families by email over the next while if we are missing phone numbers, or if the numbers we have on file are no longer in service.

Upcoming Dates

Friday, March 5th: P.A. Day – no school for students
