

## **PIANO LESSONS at EARL KITCHENER SCHOOL**

It is time to begin registering for piano lessons at EK for September, 2021. Over the last year, lessons have taken place online, but the plan for the fall is to resume in-person lessons. If necessary, lessons will continue online until such time as the Board gives us clearance to return to lessons in the school building.

Lessons at the school are available to students from SK to Grade 5. They are semi-private (2 students per lesson), which is a Board requirement. The lessons take place once a week during the school day, and are thirty minutes long.

Students need to have a piano or a full-sized keyboard (88 “weighted” keys) at home so that they can practice.

A commitment to taking lessons for the entire school year is also required.
