

EARL KITCHENER'S FAMILY MATH NIGHT...
WITH LEGO® & EVERBLOCKS!

EK Families are welcome to join us for a fun and interactive night at Earl Kitchener exploring math with Lego! This 90-minute event features 5 interactive stations, each focusing on a different math strand. Families rotate through each station in 15-minute segments, learning about numeracy, patterning, symmetry, measurement, and more through hands-on activities.

NOTE: There is a limit to attendance for this event. Please indicate # attending by selecting the # of Adult and # of Student (free) tickets when checking out. Once this maximum number has been met, there will no longer be tickets available for reservation.

****This event is FREE to EK Families and has been paid for by the EK Home and School Association using funds raised from this school year's Fright Night and Pizza & Milk Program Fundraisers.**

Get Your FREE Tickets Now!

*****Please only sign up for one event to allow all EK Families to participate**
